PROCEEDINGS
OF THE
THIRTEENTH ANNUAL ENCAMPMENT
OF THE
DEPARTMENT OF ARIZONA,
GRAND ARMY OF THE REPUBLIC.

The Thirteenth Annual Encampment of the Department of Arizona, Grand Army of the Republic, convened at one o'clock P. M., May 8th, 1900, at the hall of Geo. H. Thomas Post No. 11, in the city of Jerome, and was called to order by Department Commander Geo. Broughton.

General Order No. 2, convening the Encampment, was read by the Assistant Adjutant General, who then called the roll of officers. Senior Vice Commander J. D. Monihon being absent on account of illness, the Commander appointed Comrade R. H. G. Minty to fill the chair pro tem.

Comrades Geo. Thompson and G. Bagnell, both of Thomas Post, having reported as Officer of the Day and Officer of the Guard respectively, the Encampment was opened in due form.

The Committee on Credentials submitted a report, showing fifty-seven Comrades entitled to seats in the Encampment, of which the following were found to be present:

Geo. Broughton, Department Commander; P. P. Parker, Junior Vice Commander; Winfield Scott, Department Chaplain; W. F. R. Schindler, Asst. Adjt. Genl. and Asst. Q. M. Genl.; S. C. Rees, Member of Council; Geo. Hoxworth, Member of Council; W. H. Ferguson, Past Post Commander, and Alexander Duff, Philip Hoover, Robert Drynan and Charles Allabach, Delegates from Barrett Post No. 3; C. A. Dudley, Delegate from Ransom Post No. 4; Thomas Prothero, Delegate from J. W. Owen Post No. 5; R. K. Farnsworth, Commander of Sedgwick Post No. 10; R. H. G. Minty, Post Commander and L. P. Nash and Jas. Barton, Delegates from Thomas Post No. 11. Total, 17.

The report was on motion, duly seconded, unani-
mously adopted and the Committee discharged.

Resolved on motion that all reports and resolu-
tions be referred to a Committee of three Comrades,
to be appointed by the chair. Comrades P. P.
Parker, Jas. Barton and S. C. Rees were thus appoint-
ed.

The Commander delivered the following address:

ADDRESS OF DEPARTMENT COMMANDER.

JEROME, May 8th, 1900.

Comrades of the G. A. R:

Placed in command of this Department one year ago by your
suffrage, I now present to you my report.

During my administration, I visited every Post in this Depart-
ment, and devoted from one to seven days' time to each Post
except Williams, where I was taken sick and compelled to return
home.

I find the boys are all growing old, and it is quite a difficult
matter to get them together to Post meetings, as the majority of
the members of this Department are engaged in mining or
prospecting, and it is hard to get them to come into town to
attend Post meetings.

I am sorry to state that, on account of sickness, I was unable
to attend the Thirty-third National Encampment.

MEMORIAL DAY.

It is a day of sacred memories, set apart for one purpose only, the decoration of the graves of the loyal soldiers, sailors and marines. Over the graves of the heroes of two wars, the survivors now scatter flowers. The Grand Army should see that flags and flowers are placed over the graves of all soldiers, sailors and marines, so that the example will be firmly rooted in the ideas of the rising generation.

With the full report of the Assistant Adjutant General and Assistant Quartermaster General, I think it is unnecessary for me to refer to those points, and I hereby tender my sincere thanks to Comrade W. F. R. Schindler for his able counsel and advice in running this Department, also the thorough manner in which he has conducted the offices of Assistant Adjutant General and Assistant Quartermaster General.

I would also suggest to my successor that Comrade Schindler be retained in the above-mentioned offices for the good of the Order.

GEO. BROUGHTON,
Department Commander.

After which the Assistant Adjutant General and Assistant Quartermaster General, read his reports as follows:

REPORT OF ASSISTANT ADJUTANT GENERAL.

May 8th, 1900.

GEO. BROUGHTON,
Department Commander.

Comrade: I herewith submit my report as Assistant Adjutant General for the past year.

On April 18th, 1899, there were in good standing in the Department seven Posts, with a membership of 198. Two Posts were reported delinquent. They have since been reinstated. Logan Post No. 7 has been reorganized and Geo. H. Thomas Post No. 11 has been mustered in at Jerome. On December 31st last the Department had 10 Posts with 187 members in good standing.

The principal loss in membership has been by suspension, a state of affairs grown to be chronic and commented on in every report for the last eight years. In my opinion it will be absolutely necessary to hold at least one open or social meeting during each month in each Post in order to interest the Comrades and

induce them to enter and stay with the Posts. Otherwise it will be but a short time before this Department will cease to exist.

The amount expended for relief is small apparently, but I am convinced that only a fraction has been reported, the Comrades, as I know, preferring to give and say nothing about it. The Posts collect hardly funds enough to meet running expenses.

There were eleven deaths reported during the year. The mortuary report attached hereto gives the names and service.

The standing of each Post at the end of 1898 and 1899 is shown by the following table:

POST	Dec. 31, 1898	Dec. 31, 1899	GAIN				Loss

Two General Orders have been issued during the term. This office has generally communicated by letter with the Posts, thereby avoiding expense for printing.

I wish to return to you, Commander, and to the Officers and Comrades of the Department my sincere thanks for the uniform courtesy shown me. Yours in F., C. and L.

W. F. R. SCHINDLER,
Assistant Adjutant General.

W. F. R. SCHINDLER,
Assistant Quartermaster General.

The Junior Vice Commander reported that, by order of the Dept. Commander, he had during the year, in conjunction with the Senior Vice Commander and other comrades of J. W. Owen Post of Phoenix, reorganized Logan Post No. 7, in Tempe, of which due report had been made at the time.

Recess of thirty minutes was had.

Encampment called to order at 2 P. M.

The Committee on Reports and Resolutions submitted the following report, which was on motion accepted.

REPORT OF COMMITTEE ON RESOLUTIONS.

JEROME, May 8th, 1900.

Department Commander and Comrades: Your Committee, to whom was submitted the Report of Department Commander, Assistant Adjutant General and Assistant Quartermaster General, beg leave to report that they have examined the several reports. That they find the Assistant Adjutant General's and the Assistant Quartermaster General's reports in excellent order, the accounts well and accurately kept, and believe that very careful and painstaking work has been done by the present efficient officer.

We heartily endorse the action of the Department Commander in his tireless duty of visiting all the Posts in this Department, in trying to build up the weak Posts and collect the old soldiers and form new Posts where it was possible to do so.

Your Committee would like to submit the last recommendation of Department Commander's report to the members of this Encampment as to the advisability of consolidating the office of Assistant Adjutant General and Assistant Quartermaster General, and would like a full discussion of this subject by the members of this Encampment.

SAML. C. REES,
JAMES BARTON,
P. P. PARKER,
Committee.

After discussion, it was found to be the sense of the Encampment, that the consolidation of the offices

of Assistant Adjutant General and Assistant Quartermaster General was in the interest of economy, and that the matter was by the rules left to the discretion of the Department Commander.

The address of the Department Commander and the reports of the Assistant Adjutant General and Assistant Quartermaster General were then unanimously adopted.

On motion it was unanimously resolved that the Fourteenth Annual Encampment of the Department be held on the third Wednesday in June, 1901, at Williams.

The Committee on Reports and Resolutions reported the following resolution, submitted by Comrade Minty, which was on motion unanimously adopted:

WHEREAS: Comrade Thomas Burke, a member of George H. Thomas Post No. 11 of this Department, made application for pension under the provisions of the law of 1890; said application hung fire for years, but finally, pension was granted at the minimum rate of \$6 per month, at which rate the accrued back pension was paid; and

WHEREAS, without application for increase having been made by the pensioner, and without any additional evidence having been furnished, an increase of \$2 per month was allowed from date of payment of said accrued pension; and

WHEREAS, Comrade Franklin D. Smith, also a member of George H. Thomas Post No. 11 of this Department, received from the pension bureau a notice of receipt and filing of his application for pension on August 12, 1890, but when pension at rate of \$6 per month was granted, it dated from January 26, 1893. Now therefore

Resolved, That it is the opinion of this Encampment, that if the evidence in the case of Comrade Burke was sufficient to entitle him to a pension of \$8 per month, from date of payment or allowance of accrued pension, it was sufficient to entitle him to the rate of \$8 from date of original allowance.

Resolved, That as the law provides, when pension is allowed, it shall date from filing of claim or application, it is the sense of this Encampment, that in the case of Comrade Smith he is entitled to pension from August 12, 1890.

Resolved, That in both these cases, the comrades have by the above recited action of the Commissioner of Pensions, in withholding that which the law gives them, been defrauded of their vested rights.

Resolved, That the custom of the Pension Bureau in rating pensions when granted, carrying arrearages at the lowest or minimum amount, regardless of the degree of disability of the pensioner, is contrary to the letter and spirit of the law; and is actuated mean and petty spirit of false economy, deserving the condemnation of all men.

Resolved, That in the rule of the Pension Bureau, refusing to take up or recognize an application for increase of pension until one year after date of medical examination, there is perpetrated a great wrong, hardship and injury to deserving and needy comrades.

Resolved, That the large number of comrades scattered throughout the mountain States and Territories, who, in their young manhood freely gave their lives to our country, and who are now living, or rather existing, in poverty and want; and whose proper and legal claims for pensions have been dragging their weary course for lo, these many years, in consequence of the Pension Bureau's requirement of *impossible evidence*, is a lasting disgrace to our country.

Resolved, That we consider the pension list a Roll of Honor; we are unalterably opposed to the placing of improper or unworthy names thereon; and we hereby pledge ourselves to use our best efforts to prevent frauds on the pension system. At the same time we insist on a proper interpretation and execution of the liberal pension laws of our country.

Resolved, That a copy of these resolutions be forwarded by the Asst. Adjt. General to the National Tribune with a request to publish same, and also to Hon. J. F. Wilson, Delegate to Congress from this Territory, with the request that he present it to the Commissioner of Pensions.

The Encampment then proceeded to the election of officers for the ensuing year.

For Department Commander: Comrade Geo. Broughton of Post No. 3, Comrades R. H. G. Minty of Post No. 11 and P. P. Parker of Post No. 5, were placed in nomination and duly seconded.

The Commander appointed Comrades Scott and Ferguson as tellers and a ballot was had. Comrade

R. H. G. Minty having received the highest number of votes, the election was on motion of Comrade P. P. Parker made unanimous, and the Chair declared Comrade Minty duly elected.

For Senior Vice Commander: Comrade P. P. Parker was nominated and the nomination closed. The Assistant Adjutant General was instructed to cast the ballot of the Encampment for the nominee, which was done, whereupon the Comrade was declared duly elected.

For Junior Vice Commander: Comrade Philip Hoover was nominated. Nominations closed and the Assistant Adjutant General instructed to cast the ballot of the Encampment for the nominee. Ballot so cast and the Comrade declared duly elected.

On motion, Comrade Winfield Scott was elected Department Chaplain by acclamation.

For Medical Director, Comrade Geo. D. Kendall was nominated.

For Members of Council: Comrades A. B. Sampson of Post No. 1, L. L. Burns of Post No. 4, I. M. Christy of Post No. 5, B. F. Pascoe of Post No. 6 and R. K. Farnsworth of Post No. 10.

For Delegate to the Thirty-fourth National Encampment: Alexander Duff of Post No. 3.

For Alternate: Wm. H. Ferguson of Post No. 3. Nominations closed.

There being only one nomination for each of the offices to be filled, the Assistant Adjutant General was instructed to successively cast the ballot of the Encampment for each of the foregoing nominees. Ballots so cast, and the nominee after the cast of each ballot declared duly elected.

The Assistant Adjutant General was instructed to have the proceedings of the Encampment and the Department Roster and Roster of the Posts printed as usual.

The Committees on Resolutions reported the following resolution, which was, on motion, unanimously adopted.

Resolved, That the thanks of this Encampment be extended to the several railroads and to the press of this Territory for kind treatment, and for courtesies extended to its members. Also to Geo. H. Thomas Post for the use of their hall and to its members for the courtesies extended to us at this the Thirteenth Encampment of this Department. Also to the Department Commander and Assistant Adjutant General for untiring zeal and fidelity with which they have performed their several duties.

JAMES BARTON,
SAML. C. REES,
P. P. PARKER,
Committee.

The Commander announced that the newly elected officers would be publicly installed at the campfire tendered by Thomas Post, at about 8 P. M. tonight.

There being no further business, the Encampment closed at 5:45 P. M.

A very enjoyable campfire was had in the evening. The officers elect were installed by Past Department Commander W. F. R. Schindler.

The Committee of the Encampment on Reports and Resolutions, submitted the following resolution, which was by the visiting members unanimously adopted.

Resolved, That the visiting members of the Encampment extend to the members of Geo. H. Thomas Post, G. A. R., and to the ladies and citizens of Jerome their most hearty thanks for their kindness and the many courtesies extended during our stay in their beautifully romantic city.

PROCEEDINGS
OF THE
FOURTEENTH ANNUAL ENCAMPMENT
OF THE
DEPARTMENT OF ARIZONA,
GRAND ARMY OF THE REPUBLIC.

The Fourteenth Annual Encampment of the Department of Arizona, Grand Army of the Republic, convened at the hall of Sedgwick Post No. 10, in Williams, at 2 o'clock p. m., Wednesday, June 19th, 1901, in compliance with a resolution passed at the Thirteenth Annual Encampment, and by virtue of General Orders No. 5, present series. Department Commander R. H. G. Minty presided.

Hon. ^{Henry F.} ~~E.~~ Ashurst delivered an eloquent address of welcome on behalf of the citizens of Williams, to which Comrade A. J. Doran made a fitting reply.

The general public having withdrawn, the Encampment was opened in due form by the Department Commander.

Comrade J. Smith acted as Officer of the Day, and Comrade Andrew Drake as Officer of the Guard. Comrade Henry, of Flagstaff, invoked the divine blessing. The Assistant Adjutant General then called the roll of officers. The Junior Vice Commander

and the Chaplain being absent, the Commander appointed Comrade Geo. Hoxworth Junior Vice Commander, and Comrade Henry Chaplain *pro tem*.

The Committee on Credentials submitted a report, showing eighty-two Comrades entitled to a seat in the Encampment, of which the following were found to be present:

R. H. G. Minty, Department Commander and Commander of Negley Post No. 1; P. P. Parker, Senior Vice Commander and Past Post Commander of J. W. Owens Post No. 5; W. F. R. Schindler, Assistant Adjutant General and Assistant Quartermaster General, and Past Department and Post Commander; L. L. Burns, Member of Council and Past Post Commander of Ransom Post No. 4; R. K. Farnsworth, Member of Council and Commander of Sedgwick Post No. 10; Geo. W. Sanders, Past Post Commander, and A. J. Doran, Delegate of Negley Post No. 1; George Augustine, Commander, S. C. Rees, Past Post Commander, and Robert Drynan and George Zika, Delegates of Barrett Post No. 3; George Hoxworth, Past Department and Past Post Commander, J. B. Smith, Past Post Commander, W. H. Pierce, Past Post Commander, and James Haley and Joseph R. Lockett, Delegates of Ransom Post No. 4; Andrew Drake, Delegate of Sedgwick Post No. 10. Total, 17.

The report was, on motion, unanimously adopted and the committee discharged.

On motion, the Commander appointed Comrades Sanders, Rees and Pierce as a Committee on Reports and Resolutions.

The Commander then delivered the following address:

ADDRESS OF DEPARTMENT COMMANDER.

Comrades of the Department of Arizona, Grand Army of the Republic:

At our last Encampment you honored me by electing me your Department Commander, and now at this, the Fourteenth Encampment, in rendering an account of my stewardship, I regret that I must report that I have fallen far short of what I had hoped to accomplish.

As you are all aware, I succeeded in organizing at Jerome a good, live, promising Post, George H. Thomas No. 11. In August of last year, business interests made necessary my removal to Tucson, and about the same time twelve members of the Post found it necessary to leave Jerome to find employment. As this would leave only three Comrades who could attend Post meetings, it was decided that the charter be surrendered, and George H. Thomas Post, after a life of about fourteen months, ceased to exist.

At Tucson, I found Negley Post No. 1 practically dead. There had been no election for two years, and no meeting of the Post for I don't know how long. Comrade Sampson was the hold-over Commander, and he, with two or three other earnest Comrades, were doing all in their power to prevent the dissolution of the Post. When I joined it by transfer, they worked faithfully with me in placing it on its feet once more. It now numbers forty-seven members in good standing, and on last Memorial Day there was a good turn-out and a very satisfactory celebration of our beautiful memorial service. The prospects for the future of Negley Post are most flattering.

I desired and had purposed spending a couple of weeks at Safford and Bisbee, at both of which places, I believe, there are a sufficient number of Comrades resident to warrant the organization of Posts, but it has been impossible for me to do so.

Comrades, I regret to have to call your attention to the fact that the present condition of our association in the Department of Arizona is caused entirely by our own apathy. We apparently fail to appreciate the fact that, as our numbers grow fewer and our ranks thinner year by year, it becomes more and more our bounden duty to stand together and to support each other.

There are in this small Department hundreds of men wearing "the little brown button," who have not affiliated with any Post, and there are scores of others, who are nominally members of Posts, who do not attend meetings or take any interest in our noble association. Do these men ever give thought to the sacred

obligation taken at the time of their muster-in—an obligation taken “in the presence of Almighty God”?

There are also in every community in this Department old soldiers, members of the Grand Army of the Republic of 1861-5, who have not yet joined our ranks. Comrades, is it not our duty to bring these men into our association?

At the close of the Civil War, the people of the United States were bubbling over with gratitude for the great work that we had performed. Nothing was too good for the men who had so freely placed their lives on the altar of patriotism. But how is it today? The fact that we, the members of the Grand Army of the Republic, are the men who placed our country in its present glorious position, is forgotten; officials and politicians give us the cold shoulder and try to push us aside. As an illustration and instance of this, look at the action of the Governor of Arizona on the occasion of the visit of our President to the city of Phoenix in the early part of the month of May.

It was reported to me that in making arrangements for the reception of the President, the Grand Army of the Republic received no consideration whatever. I thereupon wrote to the Governor, remonstrating against the apparent neglect. The Governor answered that he did not appoint the Reception Committee and was not a member of any committee, but acknowledged that he named twenty-five citizens who, in conjunction with a committee of fifteen appointed by the Mayor, selected a Reception and other committees; that when the oversight complained of was discovered, the Commander of the G. A. R. Post at Phoenix was appointed on the Reception Committee.

The facts in the case, as I understand them, are: After the appointment of the sub, or active, committees, a member of the Owen Post Committee met a member of the Executive Committee and said to him that, regardless of what arrangements might be made by the Executive or Reception Committees, the members of the G. A. R. would be at the train and would receive the President. This is what caused the appointment of the Commander of Owen Post on the General Committee, which then had nothing to do.

I am reliably informed that, on the arrival of the Presidential train, the Grand Army of the Republic, about 100 strong, was in waiting to receive the President; that, when the chairman of our committee attempted to get on the President's car, the Governor of Arizona stood on the lower step and said to him, “You cannot get on this car.” The chairman insisted and spoke loudly. The President, hearing this, came out on the platform of the car, and

then, and not until then, did Governor Murphy step aside, and the chairman, mounting the platform, delivered his reception address, and our Comrades were cordially received by our great President.

Comrades, I have entered into this incident for the reason that I believe it will tend to make us all appreciate the absolute necessity for the old soldiers, the men of 1861-5, the men who so glad and cheerfully gave the best years of their young manhood to their country in its hour of dire need, now in their old age to stand shoulder to shoulder as they did forty years ago. Remember that every man of us has his vote, and that vote should be cast as were our bullets—straight at the enemy.

My dear old Comrades, every man of us has more or less influence with his fellows, his friends and neighbors, and we ought to use that influence for their good. Will you allow me to impress upon you that it is our duty, and it should be our pleasure, to use every effort to bring into the fold of the Grand Army of the Republic of today every man who was a member of the Grand Army of the Republic during the stormy days that tried men's souls, the days of 1861-5? "United we stand, divided we fall."

Comrades, I invite your careful attention to the reports of the Assistant Adjutant General and the Assistant Quartermaster General, Comrade W. F. R. Schindler, whom I commend to you as a true and enthusiastic Comrade of the Grand Army of the Republic, and I take this opportunity to extend to him my sincere thanks for the unvarying and cordial support which he has given me during my term of office as Department Commander.

All of which is respectfully submitted in Fraternity, Charity and Loyalty.

R. H. G. MINTY,
Department Commander.

The address was, on motion, referred to the Committee on Reports and Resolutions.

The Assistant Adjutant General and Assistant Quartermaster General read his reports, as follows:

REPORT OF ASSISTANT ADJUTANT GENERAL.

R. H. G. Minty, Department Commander:

COMRADE: In compliance with regulations, I have the honor to herewith submit my report as Assistant Adjutant General for the past year.

On December 31st, 1899, there were in good standing in the Department ten Posts with 187 members, whilst on December

31st last there were reported nine Posts with 211 members in good standing, a net gain of twenty-four members, notwithstanding the surrender of its charter by Geo. H. Thomas Post No. 11, of Jerome, which had eighteen members. There were five deaths during the year. Names and service are given in the mortuary report, attached hereto.

I renew my recommendation of last year, that Posts hold a social meeting each month, assisted or managed by a Woman's Relief Corps, if possible, so as to interest the Comrades and to induce those who are not now members of Posts to affiliate with them.

The amount reported expended for relief is insignificant. In my opinion this is caused by the lack of Post funds. To my personal knowledge the Comrades, individually, are charitable to a fault.

The appeal, made by the Department Commander in General Orders No. 2, to assist the Comrades who suffered by the Galveston disaster, has been without result, owing, I suppose, to the fact that the Comrades had already contributed to the funds collected by various Citizens' Subscription Committees.

I find that the graves of Comrades of several Posts in the Department are without the headstones which the National Government supplies free of cost. I drew attention to the fact when I had the honor to be Commander of this Department, and furnished the Posts the necessary blank applications. I would recommend that blanks be again sent to the Posts, with the urgent request that they be at once filled out and forwarded to the Quartermaster General of the United States Army at Washington.

Five general and one special orders have been issued during the year, and all national orders, blanks, etc., have been promptly distributed.

To you, Commander, and to the Officers and Comrades of the Department I desire to return my heartfelt thanks for the uniform courtesies shown me. The duties performed have been a pleasure to me.

Yours in F., C. and L.,

W. F. R. SCHINDLER,
Assistant Adjutant General.

It was on motion unanimously resolved that the incoming administration cause the Territorial, or State, flower to be painted on the Department banner, and have said banner repaired wherever necessary.

At 3:30 p. m. a recess was had for thirty minutes. Encampment was called to order at 4 p. m.; same officers and members present.

The Comrades enumerated in the mortuary report, heretofore read, have finished their labors, and after fighting gallantly for their country and also serving their beloved country nobly and in a patriotic spirit as citizens, have joined their Comrades on the great camping ground on the other side, to which decree we humbly bow.

Respectfully submitted,

A. J. DORAN,
GEO. AUGUSTINE,
GEO. HOXWORTH.

Ferguson, of Barrett Post No. 3.

II. Having been duly installed, I hereby assume command. Sincerely thanking the Comrades for the honor conferred, I ask for the earnest support and assistance of every member of the Department, fully realizing that without their co-operation my intention and desire to so conduct the affairs of the Department as to merit the confidence placed in me, must fail. Let us each and all use every effort to add to our membership the name of every worthy soldier and sailor in the Territory, and to restore every suspended or dropped member.

III. The following staff appointments are hereby announced:
Assistant Adjutant General and Assistant Quartermaster
General, W. F. R. Schindler, of Barrett Post No. 3; P. O.
Address, Phoenix.

Chief Mustering Officer, B. F. Pascoe, of Col. Alexander Post No. 6, Globe.

Department Inspector, A. L. Grow, of Burnside Post No. 2, Tombstone.

Judge Advocate, Jas. Barton, of Geo. H. Thomas Post No. 11, Jerome.

Chief Aid-de-camp, Alexander Duff, of Barrett Post No. 3; P. O. Address, Junction.

They will be obeyed and respected accordingly.

IV. Headquarters are continued at Phoenix, and all official communications must be addressed to the Assistant Adjutant General. Communications to the Department Commander should be addressed to Jerome, A. T.

V. All requisitions for supplies must be accompanied by money order, made payable to the order of the Assistant Quartermaster General.

VI. Post Commanders will recommend Comrades for appointment as Aid-de-camp and Assistant Inspector. They are requested to attend to this at once so as to avoid the delay formerly experienced.

VII. Attention is called to General Orders No. 6 from National Headquarters, containing the earnest appeal of the Commander-in-chief for the proper observance of Memorial Day, Wednesday, May 30th, by every Post. Discourage and frown down all attempts to make this day a mere holiday. It should be, as was intended, a hallowed Memorial Day, a day to be held sacred to the memory of our dead. Let every Post make proper arrangements for religious service on Memorial Sunday, May 27th. Post Chaplains will make reports of the observance of Memorial Day on blanks which will be furnished before May 30th.

PHOENIX, ARIZONA, October 23, 1900.

GENERAL ORDERS No. 2.

The attention of all Posts and Comrades in this Department is earnestly directed to the circular letter issued from the Department of Texas, under date September 24, 1900, regarding the terrible condition in which our unfortunate Comrades in Galveston and vicinity have been left by the appalling calamity which has befallen that city.

It is fully appreciated that the majority of our members are poor men who are unable to give largely, but nearly all can give something, and I earnestly urge each and every Comrade to donate his mite in Fraternity, Charity and Loyalty.

In addition to individual subscriptions, I suggest that each Post at once give an entertainment of such character as it may deem most advisable for the purpose of raising funds for the relief of our Galveston Comrades.

Quartermasters of Posts will keep record of subscriptions and receipts, and remit total amount collected to W. F. R. Schindler, Assistant Quartermaster General, Phoenix, Arizona, who will be required to acknowledge receipt, remit amounts received to E. G. Rust, Assistant Quartermaster General, Department of Texas, and render an account to the next Department Encampment.

GENERAL ORDERS No. 3.

I. One of the greatest and grandest works being advocated

by our association, the Grand Army of the Republic, is the introduction and perfection of a system of military instruction and patriotic education in our public schools. Steady and untiring work to this end has been going on for years. The Department Commander is pleased to be able to announce to the Comrades that our efforts are at last beginning to bear fruit; and for their information the following Act, passed at the last session of Congress, and approved by the President on the 26th day of February, 1901, is published:

AN ACT

To Amend Section Twelve Hundred and Twenty-five of Revised Statutes so as to Provide for Detail of Retired Officers of the Army and Navy to Assist in Military Instruction in Schools.

WHEREAS the national defense must depend upon the volunteer service of the people of the States; and

WHEREAS those schools which shall adopt a system of military instruction are entitled to the assistance of the Government, in order to secure to the United States such a knowledge of military affairs among the youth of the country as will render them efficient as volunteers if called upon for the national defense; therefore,

Be it Enacted by the Senate and House of Representatives of the United States of America in Congress Assembled,

That Section Twelve Hundred and Twenty-five of the Revised Statutes, concerning the detail of officers of the Army and Navy to educational institutions, be, and the same is hereby, amended so as to permit the President to detail, under the provisions of that Act, and in addition to the detail of the officers of the Army and Navy now authorized to be detailed under the existing provisions of said Act, such retired officers of the Army and Navy of the United States as, in his judgment, may be required for that purpose, to act as instructors in military drill and tactics in schools in the United States, where such instruction shall have been authorized by the educational authorities thereof, and where the services of such instructors shall have been applied for by said authorities.

SEC. 2. That no detail shall be made under this Act to any school unless it shall pay the cost of commutation of quarters of the retired officers detailed thereto, and the extra-duty pay to which the latter may be entitled by law to receive for the performance of special duty; provided, that no detail shall be made under the provisions of this Act unless the officers to be detailed are willing to accept such position *without compensation from the Government other than their retired pay.*

SEC. 3. That the Secretary of War is authorized to issue, at his discretion, and under proper regulations to be prescribed by him, out of ordnance and ordnance stores belonging to the Government and which can be spared for that purpose, upon the approval of the governors of the respective States, such number of the same as may be required for military instruction and practice by such school, and the Secretary shall require a bond in each case for double the value of the property, for the care and safe-keeping thereof and for the return of the same when required.

SEC. 4. That this Act shall take effect immediately.

II. A copy of this order will be posted on every Post Bulletin in this Department.

By command of

R. H. G. MINTY,

Department Commander.

W. F. R. SCHINDLER,

Assistant Adjutant General.

HEADQUARTERS DEPARTMENT OF ARIZONA, }

OFFICE OF THE ASSISTANT ADJUTANT GENERAL,

PHOENIX, ARIZONA, April 22, 1901.

GENERAL ORDERS No. 4.

I. Memorial Day, the day held sacred to the memory of our dead, the thirtieth day of May, is once more drawing near, and it becomes our sad duty to again hold memorial services and to place flags and flowers on the graves of our departed Comrades.

II. The Department Commander requests that all Posts in this Department, which have not already done so, do at once elect or appoint suitable committees on Memorial Celebration and on Cemeteries.

III. Memorial Day, inaugurated by the Grand Army of the Republic in the year 1868, for the purpose of cherishing tenderly the memory of our dead, has, in the course of the thirty-three years of its existence, become a national institution. The beautiful idea, which had its birth in the heart and mind of that great representative volunteer soldier, General John A. Logan, then Commander-in-chief of our order, has been adopted by families and fraternities, and it is now customary for the people of the United States on that day to place flowers on the graves of their departed dear ones, thus consecrating and making of our Memorial Day a National Memorial Day. I therefore earnestly advise Posts to extend, through their committees, hearty invitations to all

fraternal orders or societies to join with them in a reverent celebration of Memorial Day. By command of

R. H. G. MINTY,

Department Commander.

GENERAL ORDERS No. 5.

I. In compliance with resolutions adopted at the Thirteenth Encampment, the Fourteenth Annual Encampment of the Department will convene at Williams, at 2 p. m., on Wednesday, June 19, 1901.

II. The Council of Administration will meet at 1:30 p. m. on said day for the transaction of such business as may come before it.

III. The Assistant Adjutant General, Past Department Commander Geo. Hoxworth and Comrade D. F. Phelan, of Sedgwick Post, are appointed as the Committee on Credentials, and will prepare the roll of members of the Encampment.

IV. The Commander of Sedgwick Post will detail an Officer of the Day and an Officer of the Guard for duty during the Encampment. They will report to the Assistant Adjutant General.

V. The railroads of the Territory have kindly granted the following reduced rates: The Santa Fe, Prescott & Phoenix Railway Company, the Gila Valley, Globe & Northern Railway Company, and the Arizona & Southeastern Railroad Company, one fare for the round trip; all other roads one and one-fifth fare on the certificate plan. Full fare to be paid at the point of departure, for which receipt will be given by the railroad agent; the reduced return fare on showing certificate of Encampment attendance, signed by the Assistant Adjutant General. Above rates are applicable to the wives and children of the Comrades, to members of the Woman's Relief Corps and to Sons of Veterans.

VI. It is understood that the Comrades of Sedgwick Post and the citizens of Williams are making special efforts to entertain the members of the Encampment and their families, and have arranged for a trip to the Grand Canyon of the Colorado at the reduced rate of \$5.70 for the round trip. Greatly reduced hotel

charges are assured. Let all who can spare the time make the trip, which is sure to be an enjoyable one at this season of the year.

VII. Post Adjutants will, without delay, forward to these headquarters corrected rosters of their Posts and also mortuary reports up to date.

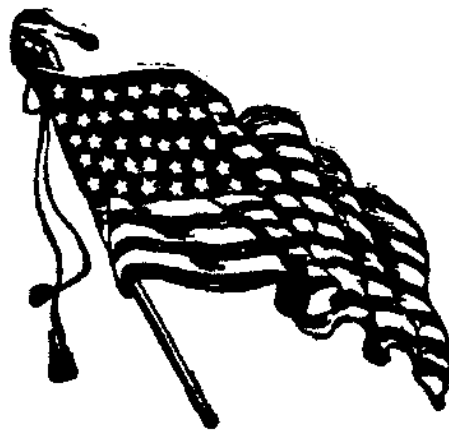

By command of

R. H. G. MINTY,

Department Commander.

W. F. R. SCHINDLER,

Assistant Adjutant General.

PROCEEDINGS
OF THE
FIFTEENTH ANNUAL ENCAMPMENT
OF THE
DEPARTMENT OF ARIZONA
GRAND ARMY OF THE REPUBLIC

The Fifteenth Annual Encampment of the Department of Arizona, Grand Army of the Republic, convened at the hall of Negley Post No. 1, in Tucson, at 10 a. m., on Wednesday, June 18th, 1902, in compliance with resolutions passed at the Fourteenth Annual Encampment, and General Orders No. 3. The Department Commander presided and opened the Encampment in due form.

The roll of officers was called. The Junior Vice Commander and Chaplain being absent, the Commander appointed Comrade Schumacher, of Negley Post, Junior Vice Commander *pro tem.*, and Comrade Ross, of the same post, Chaplain *pro tem.*

In the absence of Comrade A. B. Sampson, a member of the Committee on Credentials, Comrade Douglass Snyder was appointed to fill the vacancy.

Comrade Angus, of Negley Post, acted as Officer of the Day, and Comrade Fulmer, of the same Post, as Officer of the Guard.

The Committee on Credentials submitted its report, showing seventy Comrades to be entitled to a seat in the Encampment, of which the following were found to be present:

P. P. Parker, Department Commander and Past Commander of J. W. Owen Post No. 5; Geo. W. Sanders, Senior Vice Commander and Past Commander of Negley Post No. 1; W. F. R. Schindler, Past Department Commander, Past Commander of J. W. Owen Post No. 5, and Assistant Aujutant and Quartermaster General of the Department; R. H. G. Minty, Past Department Commander, Member of Council and Commander of Negley Post No. 1; James A. Zabriskie, Department Judge Advocate and Past Commander of Negley Post No. 1; Douglass Snyder, Past Department Commander and Past Commander of Negley Post No. 1; Chas. D. Belden, Past Department Commander and Past Commander of J. W. Owen Post No. 5; C. F. Schumacher and George Angus, delegates, and W. J. Ross and W. C. Dunn, alternates from Negley Post No. 1; J. Schneider, R. Frazer, N. S. Fulmer and R. B. Kelley, Past Commanders of Negley Post No. 1. Total, 15.

The report was on motion received, adopted and the committee discharged.

The Commander appointed the following Committee on Reports and Resolutions: Comrades Belden, Minty and Snyder.

The following address was then delivered by the Commander:

ADDRESS OF THE DEPARTMENT COMMANDER.

COMRADES: The Fourteenth Annual Encampment of the Grand Army of the Republic for the Department of Arizona gave me the honor of presiding over the deliberations of this

body as well as to have a watchful care over the various Posts scattered among the hills and valleys of our beloved Arizona.

It was with becoming pride that I accepted the distinguished honor, and yet with timidity and fear lest I should fail to accomplish all that might be expected of the Department Commander, realizing, as we all do, that, like no other organization in existence, our source of supply will soon cease. Recruits are few, and only coming from those who, from one cause or another, have heretofore failed to be mustered in with us.

Year by year the number lessens—our ranks are thinned—and rapidly they cross the river to increase the roll on the other side, so that only a few more gatherings like this will be held—until the last one of our comrades will stand alone awaiting the final tattoo.

Comrades, I extend to you a cordial greeting; may our ranks remain unbroken as long as we have strength to be useful and our presence not a burden to those around us.

The year just passed has not been unlike others gone before; and while we have lost some by the hand of time, we have gained some by muster in, so that the membership in this Department has lost somewhat in the last year.

But few general orders have been issued, with but one of more than local importance. On September 16th General Order No. 2 was sent out to the Grand Army Posts of this Department, announcing the death of our much beloved President—Comrade William McKinley. In sad recognition of the great loss to our organization, I ordered that the colors of the Posts of this Department be draped in mourning and suitable action be taken in the form of resolutions, and have them spread upon their minutes. And now, as a further mark of respect to our martyred President, I recommend that a memorial page in our proceedings be set apart, dedicated to his memory, closing with his last words, "It is God's way; His will be done."

It has been my misfortune not to be able to visit the various Posts during this year. Reports but from one Post show any friction in the ranks; that comes from Alexander No. 6, at Globe. The differences there, I think, should be easily and amicably settled by their own members, unless it is their wish to submit the questions of difference to this meeting of the Department for action.

I desire to thank Ransom Post No. 4, at Flagstaff, for their kind invitation to be present at the dedication of their new hall, early last winter, as well as to address them at their

last memorial service. Both invitations, to my great regret, I was forced to decline on account of important engagements that I had on hand at both dates.

I desire now to thank the Woman's Relief Corps of this Territory, who have so nobly aided the Grand Army Posts in caring for the old soldiers who have been unfortunate in life's struggle. Also the members of the various Posts.

I most heartily wish to extend my thanks to Past Department Commander Schindler, our efficient Assistant Adjutant General and Assistant Quartermaster General, for his unceasing and constant assistance during the year, as well as to Past Department Commander Belden and our Senior Vice Department Commander Sanders, for help and encouragement at all times.

And now, my Comrades, I return to you the gavel of authority, believing that you will forgive the errors and mistakes of your Commander, and trusting that the work of our noble order in future years may be as grand and heroic as was the service which made us eligible to its membership.

Yours in F. C. & L.,

PROSPER P. PARKER,

Department Commander.

The Assistant Adjutant General and Assistant Quartermaster General read the following reports:

P. P. Parker, Department Commander:

COMRADE: In accordance with our regulations, I have the honor to herewith submit my report for the past year:

The number of Posts in the Department on December 31st, 1900, was 9, with 211 members in good standing. The report of December 31st, 1901, shows 8 Posts with 187 members in good standing. Burnside Post No. 2 has surrendered its charter, and a number of comrades have been suspended for non-payment of dues. It is a lamentable fact that payment of dues has been neglected and in some cases refused by comrades who are financially well able to make payment. The suspensions cover almost invariably such cases. The following table gives the standing of each Post for 1900 and 1901:

POSTS	December 31st, 1900	December 31st, 1901	Gain				Loss			Disbursed for Relief During Last Year
			By Muster	By Transfer	By Re-instatement	By Death	By Honorable Discharge	By Transfer	By Suspension

Fremont No. 9.....	8	8	
Sedgwick No. 10.....	5	5	
Totals.....	211	187	8	9	4	4	10	8	23	23.90

The mortuary report shows nine deaths between June, 1901, and today, of which five have occurred since January 1st.

Only Negley and Ransom Posts have reported disbursements for relief.

Some of the smaller Posts show very little or no signs of life. The administration has thought it best to carry them along, and has urged them to keep up their organizations, in the hope that they will recuperate. If a Woman's Relief Corps and a camp of the Sons of Veterans could be established in connection with each Post, they would soon be vigorous and strong.

Blank requisitions for headstones for the graves of deceased comrades have again been sent to each Post, and it is hoped that on next Memorial Day there will be no grave without a Government headstone.

From the exhibit of receipt and expenditures, hereto attached, it appears that there is a balance of \$250.00 on hand, which sum is deposited in the Valley Bank of Phoenix, a custom which has been followed for the last four years.

The inventory of supplies on hand, shows their value to be \$35.50.

I desire to express my thanks to you, Commander, for the honor conferred on me, by selecting me as your Assistant Adjutant and Quartermaster General, and trust that I have performed my duties to the satisfaction of yourself and the comrades of the Department. I also sincerely thank the officers and the comrades of the Department for the uniform courtesy shown me.

It has been a pleasure to serve with you.

Yours in F. C. and L.,

W. F. R. SCHINDLER,

Assistant Adjutant and Quartermaster General.

Detailed account and vouchers examined by Council of Administration and found correct.

W. F. R. SCHINDLER,

Assistant Quartermaster General.

The report of the Department Inspector, for the term ending June 30th, 1901, which was very incomplete, from the fact that several Posts had failed to send in their reports, has been completed as far as possible by the Assistant Adjutant General (the Inspector having gone out with his Post, No. 2), and forwarded to the Inspector General.

The following is a synopsis of the report:

No. of Posts June 30, 1901, 9; members in good standing, 209; attendance at Post meetings, irregular; no relief fund in Posts; expenditures for relief, \$5.60; funds in hands of Post Quartermasters, \$258.61; value of other property, \$540.00; Posts with Relief Corps, 3; no camps of Sons of Veterans.

On motion, the address of the Department Commander and the reports of the other officers were referred to the Committee on Reports and Resolutions.

The Council of Administration reported that it had carefully examined the accounts and vouchers of the Assistant Quartermaster General, and found them correct, and the disbursements lawfully made.

An appeal by Comrade Chas. Schulze, of Col. Alexander Post No. 6, from a decision of the Department Commander as to the legality of the suspension of certain members of that Post, and other matters, was on motion referred to the Committee on Reports and Resolutions.

The Assistant Adjutant General reported that the painting of the State flower and repairs on the Department banner, ordered by the last Encampment, would be attended to by Mrs. Francis, who painted the original banner.

The Commander of Negley Post invited the members of the Encampment to a banquet, to be given by the Post at 8 p. m., on June 19th.

Resolved, That the election of officers for the ensuing year take place at 11:30 a. m., on June 19th.

On motion of Comrade Minty, seconded, an adjournment was had until 10 a. m., June 19th.

The Encampment met pursuant to adjournment, at 10 a. m., and was duly opened by the Department Commander.

The Committee on Officers Reports reported as follows:

We, your Committee to whom was referred the Department Commander's address, and the annual reports of the Assistant Adjutant General, Assistant Quartermaster General and the Medical Director, respectfully submit the following report:

We have carefully considered the address of Department Commander P. P. Parker, and find it to be a document inspired by the loftiest sentiments of Fraternity, Charity and Loyalty, the great characteristics of comradeship.

We fully appreciate the fact that our numbers are rapidly dwindling, and that the local conditions of our Department are such that little can be done towards bringing the stray sheep into the flock, except by the earnest work of the individual Posts.

In considering the reports of the Assistant Adjutant General and Assistant Quartermaster General, we are impressed with the thorough manner in which the work of those departments has been conducted. The funds of the Department have been handled and administered in a conservative and business-like manner, the result showing an increase in balance cash on hand, with all liabilities paid.

We have examined the reports of the various Posts, as embodied in the report of the Assistant Adjutant General, and find them to be correct.

We heartily approve the recommendation of Department Commander Parker that a memorial page be set apart in honor of our late Comrade, Wm. McKinley, President of the United States.

In addition to the national calamity in the death of our martyr President, Comrade William McKinley, we regret the large number of deaths that have occurred in our small Department during the past year. Nine deaths of comrades have been reported, being in the ratio of about 45 to the thousand, being a

much larger percentage than usually reported in National Encampments.

In the appeal of Comrade Schulze, Surgeon and late Quartermaster of Alexander Post No. 6, against the ruling of Department Commander P. P. Parker, in the matter of the suspension of certain members, and of a complaint against Post Commander Dunham of same Post, which was referred to your committee, we find that there appears to be considerable discord amongst the members of Alexander Post. Many allegations are made, but no evidence in their support has been submitted. It is therefore impossible, with the papers before us, to come to any conclusion or express an opinion on the merits of the case.

We respectfully recommend that the whole matter be referred to a committee of one or more, for investigation, report and recommendation to the incoming Department Commander and Council of Administration. We respectfully suggest that the appointment of this committee be left to the incoming Department Commander, but that no member of such committee be a member of Alexander Post.

The Committee also reported the following resolutions, which were, as well as the report, accepted and unanimously adopted.

WHEREAS, There has been a great deal of discussion concerning pension legislation, wherein the association of the Grand Army of the Republic has been accused of raiding the national treasury, which they protected with their life's blood in the days of our country's peril, therefore, it is

Resolved, It is the sense of this Encampment that no body of men in these United States is more conservative in its desire to protect the treasury of our country from improper or illegal pensions than is the Grand Army of the Republic.

Resolved, That our association considers the pension laws of our country not only just, but liberal.

Resolved, That the Grand Army of the Republic simply asks for a proper administration of the laws as they now exist.

Resolved, That we heartily endorse and commend the action of the National Encampment on the pension question.

Resolved, That we sincerely trust that the new Commissioner will appreciate that it is his duty not only to protect the treasury from unjust claims for pensions, but that it is also his duty to see to it that every claimant who is entitled to a pension has it granted. It is also

Resolved, That the thanks of this Encampment be tendered to the various railroads and the press of the territory for courtesies granted and received.

Resolved, That the thanks of this Encampment be extended to our Comrades of Negley Post for their cordial welcome and their continued and pleasant attention to the comrades during their stay in the city of Tucson.

The resolution which provided for the election of officers at 11:30 a. m. today, was, on motion, reconsidered, and the time set for 10:45 a. m. That hour having arrived, the Commander declared the nomination and election of officers for the ensuing term to be in order, and called for the nomination of candidates for Department Commander.

Comrade Belden nominated Comrade Geo. W. Sanders, pointing out that Comrade Sanders was one of the oldest members of Negley Post, who had always by word and deed worked for the welfare of the Post, and who in the past year as Senior Vice Department Commander had represented this Department at the National Encampment, held at Cleveland. He asserted that the promotion to Department Commander was due to Comrade Sanders; and that the Encampment in so honoring him would make no mistake.

The nomination was seconded by Comrades Fulmer and Schindler.

Comrade Douglass Snyder, of Negley Post, nominated Comrade C. F. Schumacher, the present Senior Vice Commander of that Post, Mayor of Tucson, and a sterling man.

The nomination was seconded by Comrade Kelley.

On motion, duly seconded, the nominations were closed.

The Department Commander appointed Comrades Minty and Fulmer as tellers.

The following members of the encampment were found to be present: Department Commander Parker, Senior Vice Department Commander Geo. W. Sanders, Past Department Commanders Minty, Douglass Snyder, Charles. D. Belden, W. F. R. Schindler; Past Post Commanders of Negley Post J. Schneider, R. Frazer, N. S. Fulmer, R. B. Kelley; Delegates C. F. Schumacher and Geo. Angus, and Alternates W. J. Ross and W. C. Dunn, of Negley Post. Total, 14. Negley Post being entitled to and having elected five delegates and five alternates, of which only four were present, the Encampment, on motion of Comrade Minty, seated Comrade S. R. DeLong of that Post, who happened to be present, as the fifth delegate of the Post.

A ballot was then had, the comrades depositing their votes as their names were called by the Assistant Adjutant General. Comrade Schumacher refrained from voting.

14 votes were found to have been cast, of which Comrade Sanders received 7, and Comrade Schumacher 7, resulting in a tie.

A recess for ten minutes was ordered.

When the Encampment reconvened, a second ballot was had, resulting in 14 votes being cast, of which Comrade Sanders received 5, and Comrade Schumacher 9. On motion of Comrade Sanders the election was made unanimous. The Department Commander declared Comrade Schumacher elected Department Commander for the ensuing term.

There being but one nominee for each of the remaining offices to be filled, the Assistant Adjutant General was successively and in each case, on motion, duly seconded, instructed to cast the

vote of the Encampment for such nominee, and the following comrades were after each ballot cast declared duly elected: Senior Vice Commander Comrade I. M. Christy, of J. W. Owen Post No. 5; Junior Vice Commander, Jas. A. Zabriskie, of Negley Post No. 1; Department Chaplain, Winfield Scott, of J. W. Owen Post No. 5; Medical Director, Geo. D. Kendall, of Barrett Post No. 3; Delegate to 36th National Encampment, Geo. W. Sanders, of Negley Post No. 1; Council of Administration, R. H. G. Minty, of Negley Post No. 1; Samuel Goldsworthy, of Barrett Post No. 3; Geo. Hoxworth, of Ransom Post No. 4; R. H. Greene, of J. W. Owen Post No. 5; D. F. Phelan, of Sedgwick Post No. 10.

The selection of alternate to the 36th National Encampment was, on motion, left to the Council of Administration, such selection to be made before September 1st next.

There being no offer from any other Post, Phoenix was, on motion of Comrade Belden, selected as the place, and the third Wednesday in April, 1903, as the time of holding the 16th Annual Encampment of this Department.

The present ratio of Department per capita tax (60 cents per year for each member in good standing) was continued for the next year.

The Assistant Adjutant General was instructed to have 200 copies of the Journal of this Encampment, together with the roster of the Department and the Posts, printed.

Resolved, That the officers-elect who are not present, be installed by a Past Department or Post Commander of their respective Post, and that due report be made to the Assistant Adjutant General.

Past Department Commander Chas. D. Belden duly installed the officers-elect who were present.

Department Commander Schumacher announced as his Assistant Adjutant General and Assistant Quartermaster General, Comrade W. F. R. Schindler, who was then installed.

After a few appropriate remarks by the retiring as well as the newly installed Department Commander, the Encampment closed at 1 p. m.

W. F. R. SCHINDLER,
Assistant Adjutant General.

At 8 p. m. Negley Post gave an elaborate banquet, at which were present, besides the members of the Post, the visiting comrades, members of the Camp of Sons of Veterans of Tucson, and invited guests. Toasts, proposed by the master of ceremonies, Comrade Zabriskie, were responded to, and a most enjoyable time was had.

To the Memory of our Late Comrade

William McKinley

PRESIDENT OF THE UNITED STATES

a man who during his illustrious career exhibited the noblest traits of character in both public and private life. His devotion to the interests of humanity began in his boyhood days, when he volunteered as a soldier in the cause of freedom of government as established by our fathers, and the same spirit dominated his whole life.

He has left to us an untainted, glittering record as a patriot soldier, a loyal and consummate statesman, a Christian neighbor, and a sympathetic domestic character, each and all of which were maintained by a conspicuous sacrifice of self to the welfare of all of those for whom he labored, but far above all other incidents in his wonderful and consistent career was his brave and Christian-like entrance into the Valley of the Shadow of Death, and the noble sentiments which he then uttered as the final and crowning advice of one whose whole life had been devoted to the solution of the greatest of the problems affecting the life and happiness of mankind. Approaching the shores of the other world he gladly exclaimed "Nearer, my God, to Thee," and to the dear ones from whom he was departing, he calmly advised, "It is God's way, His will be done."

HEADQUARTERS DEPARTMENT OF ARIZONA,
GRAND ARMY OF THE REPUBLIC,
PHOENIX, ARIZONA, September 16, 1901.

GENERAL ORDERS No. 2.

Our comrade, William McKinley, President of the United States, is dead. Fatally wounded by the shots of an assassin's weapon on the 6th of this month, while receiving in glad recognition his fellow citizens at the Pan-American Exposition at Buffalo, he struggled for the continuance of life until 2:15 a. m. on September 14th, when death came. His last words were: "It is God's way; His will be done."

In sad recognition of the great loss to our organization and the calamity to the nation, it is ordered that the colors of the Posts of this Department be draped in mourning, and that Posts take suitable action in the form of resolutions and have them spread upon their minutes.

PROSPER P. PARKER,

Department Commander.

Official: W. F. R. SCHINDLER,
Assistant Adjutant General.

The Commander of Negley Post will detail an Officer of the Day and an Officer of the Guard for duty during the Encampment. They will report to the Assistant Adjutant General.

The railroads of the Territory have kindly granted the following reduced rates: The Santa Fe, Prescott & Phoenix Railway Company, one fare for the round trip; all other roads, one and one-fifth fare on the certificate plan. Full fare to be paid at the point of departure, for which receipt will be given by the railroad agent; the reduced return fare on showing certificate of Encampment attendance, signed by the Assistant Adjutant General. Above rates are applicable to the wives and children of the comrades; to members of the Woman's Relief Corps, and to Sons of Veterans.

It is understood that the comrades of Negley Post will spare no efforts to make the stay of the visiting comrades an enjoyable one.

Post Adjutants will without delay forward to these headquarters corrected rosters of their Posts and mortuary reports up to date.

General Orders, No. 5, from National Headquarters, which have been transmitted to every Post in the Department, forcibly remind us of our solemn duty to properly observe Friday, May 30, 1902, as our annual Memorial Day. Post Commanders will see to a strict compliance with the provisions of that order. Advise the public fully as to your plans for all commemorative exercises. Solicit their cordial co-operation in decorating the graves of their loved ones whom they have laid to rest. Memorial Day is and should be sacred to all the people. Let it be a festival of flowers for the dead.

Post Chaplains will make full reports of Memorial Day on blanks, enclosed herewith, to be returned through these Headquarters to Department Chaplain Winfield Scott.

By command of

P. P. PARKER,

Department Commander.

W. F. R. SCHINDLER,

Assistant Adjutant General.

Annual Encampment

Department of Arizona

Tucson, Arizona,

A. R. BANQUET

—to the—

15th Annual Encampment,
Department of Arizona and
Sons of Veterans, by
Negley Post.

Patriotic Sentiments Respond to Patriotic Enthusiasm.

The banquet tendered the grand of-
ficers and delegates to the fifteenth
annual encampment of the Depart-
ment of Arizona, was one of the most
interesting reunions of the Grand
Army of Arizona. Colonel J. A. Za-
briskie, who is always eloquent on
such occasions, was master of cere-
monies, and after a few introductory
remarks, the following sentiments
were offered and responded to:

"Our Guests," responded to by Gen-
eral R. H. G. Minty of Tucson.

"The Star Spangled Banner" re-
sponded to by Captain P. P. Parker
of Phoenix.

"The Army," responded to by Maj.
W. J. Ross of Tucson.

"The Navy," responded to by Com-
rade C. G. Wilson, late of Des Moines,
Iowa.

"Our American Universities and
Colleges," responded to by Professor
H. J. Hall of the university.

"Our Country," responded to by
Comrade ex-Governor L. C. Hughes.

"American Volunteers," responded
to by Comrade George Angus of Tuc-
son.

"The Grand Army," responded to by
Comrade Dr. Belden of Phoenix.

"Confederate Veterans," responded
to by J. Stewart of Tucson.

"The Ancient and Honorable Pu-
eblo," responded to by Comrade
Mayor C. F. Schumacher.

"The Sons of Veterans," responded
to by John T. Hughes of Tucson.

Our Fallen Heroes, in silence.

Sentiment by Toastmaster.

The fraternal re-union of old sol-
diers who have bared their bosoms to
the storm, has ever been a scene of
joyful reminiscence. The annual
meetings of the G. A. R. have grown
into national importance and have
become interwoven with the warp
and woof of our national existence.
On this 15th annual encampment of
the department of Arizona we meet
again in fraternity, charity and loy-
alty, and rejoice in the opportunity
thus afforded of renewing our pledges
of fidelity around the altar of our
common country.

I give you a toast,

"Our Guests,"

and call upon General Minty to re-
spond.

Friends and comrades, who are our
guests on this occasion, it is my very
pleasing duty, as commander of Neg-
ley Post, and on the call of our toast
master, to bid you welcome.

We not only bid you gentlemen of
the faculty of the University of Ari-
zona a hearty welcome, but we as-
sure you that we are pleased and
proud to have you with us at this
time. We have invited all of our old
friends, "the enemy," of whom we
had any knowledge, and we sincerely
regret that there is but one present.
During the war, we learned to admire
and respect for their gallantry,
the men who so stubbornly fought
us for four long years; the men whose
hands we grasp today, while we
proudly greet them as fellow Ameri-
can soldiers, who claim, with us,
one country and one flag. No one can
be more welcome than the gallant
men who faced us on the field of bat-
tle.

To our young comrades, the Sons
of Veterans, we also extend a hearty
and cordial welcome. What can I
say to you, our visiting comrades of
the Grand Army? The men who
fought and suffered and bled together
as we have are blood relations, as
Comrade Belden so aptly expressed it,
this morning, you can understand and
appreciate the whole souled hearti-
ness of our welcome to all here.

Our association, the Grand Army of the Republic, is one in which every union soldier of the civil war naturally takes much pride. But, comrades, we must remember that it is only a reflex or representative association. The letters G. A. R. and this badge which we all love, represent something far greater than the Grand Army of the Republic of today; they represent and keep alive the memories of the Grand Army of the Republic of 1861-5. They recall to our memories the days of our young manhood when in the hour of our country's peril, we abandoned profitable business pursuits or lucrative employment and hurried forward to the field of battle in response to the call of our great president, singing as we marched, "We are coming, Father Abraham, three hundred thousand more." The Grim Reaper spared some, but he "gathered in" half a million of our comrades during the continuance of that war, and about an equal number were discharged for disability, caused by wounds or disease. Think of it! One million of men, the flower of the nation.

We had more men killed in action during the civil war than England has lost in battle in the eight hundred years of her existence as a nation.

More men lost their lives in defense of the union than the allied nations of Europe were able to muster in the field in any of their monster combinations against Napoleon. And how many have, since the war, met with premature death from disabilities contracted during that war. God only knows.

We can and do look with pride on the standing and position of our country among the nations of the earth; and with truth and justice we can say, "It is our work that made this possible." We can look with equanimity upon the ranting and railing of such demagogues as Patterson of Colorado, Carmack of Tennessee and Rawlins of Utah, who misrepresent their constituents in the halls of congress, for we know that the good people of these United States, irrespective of their political leanings,

fully appreciate the fact, that if it had not been for the men who wear the little brown button, they would not now have a country to be proud of.

We old soldiers are rapidly passing away. A few years more and the place that now knows us, will know us no more. But our boys, our sons and our grandsons are growing up amongst us. The Sons of Veterans with their great and rapidly increasing membership will keep alive the fire of patriotism and the love of country and flag; and will at the same time keep green the memories of their fathers.

It is our bounden duty to help and encourage our boys; and to prepare them to take our place when taps have been sounded over our graves.

Friends, one and all, by the memories of the Grand Army of the Republic of 1861-5 and in the name of and for Negley Post, I bid you a hearty welcome.

Sentiment by Toastmaster.

There is but one flag in existence that has ever been true to its traditions, and the principles which gave it birth. This flag is the emblem of liberty. It was the first emanation from the spirit of freedom. It came into existence amid the roaring of the tempest and the clash of resounding arms. It beamed upon the world at that period of time, when mankind had been enslaved for so many centuries that all hope seemed lost. The souls of men were almost ready to submit to that permanent misery which seemed inevitable. The love of that flag is now enshrined in the hearts of all lovers of liberty. Comrades, I toast.

"The Star Spangled Banner."

and call on Comrade Parker to respond.

Response by Comrade P. P. Parker.

Mr. Toast Master, comrades of the Grand Army, friends and Sons of Veterans: Every perfect child comes into this world endowed with a germ of veneration, loyalty and love. At first the mother is the only recipient of that love. After a few months, the father, brothers and sisters receive a part of the confidence and love of that young heart. In a few

brief years other persons and things claim some part of the thought and attention of the child as youth advances. Lessons of love and loyalty are being instilled into the rapidly developing mind. The beautiful banner of country, floating above our school houses and our public buildings attracts the attention of the boy. Then he begins to grasp the thought, that away out beyond the home circle, out from the paternal roof, lies a power that guarantees to us protection to life, liberty and the pursuit of happiness, the liberty of free thought, free speech and free worship. Nothing develops in the mind of the young man or young woman more rapidly than love of home and country, confidence in her institutions, dependence upon the enforcement of her laws, veneration for the principles of her government and a firm reliance in the strong arm of her sovereign people to protect and defend them all. It was these feelings, my comrades, that prompted us, when clouds of dissension overcast our sky, when danger threatened our institutions that family ties were severed and we bid adieu to fathers, mothers, sisters and loved ones, and entered the field of strife, to uphold that emblem of liberty and to unfurl its stars and stripes, over every rampart city and hamlet, in every state and territory in this union, proudly we marched wherever that banner led, remembering only our duty to our flag and to our country. Comrades, when we went out in her defense the evening sun kissed it in the breeze, and its last rays lingered in her folds as it sank below the western slope, those points upon our horizon bounded the limits of its control. Later years have added to our possessions that spirit of liberty has so broadened our ideas of right, that the American people desire to see the oppressed of every nation free to enjoy the same God-given rights that we enjoy. And today the glorious sun that gives us light and heat never goes down upon the stars and stripes—that Lanie, more loved and revered by her subjects, more feared by her enemies, if she has them, and more honored and

admired by the world, than any ensign that floats over any part of the globe. Comrades, well may we feel proud of the part we bore of the sacrifices we made, of the wounds we carry for its protection and success. Now to you, my comrades, Sons of Veterans, we leave it, with its history, its sparkling gems, and its spotless folds are bequeathed to your care and keeping. Ever may it wave over a free land, and never may oppression lurk beneath its protecting wing.

Sentiment by Toastmaster.

The military arm has ever been the mainstay of the nation's power. Our soldiers have always fought for protection and defense, never for conquest. The American military spirit is only aroused when the nation's honor is attacked. When our good name is vindicated, our heroes return like "Cincinnatus" to their accustomed avocations. An intelligent and brave soldiery, commanded by trained and educated officers, is the impregnable shield which guards the nation's right. I give you

"The Army"

and call upon Major W. J. Ross to respond.

Major Ross responded as follows:

The army at present is being abused by its enemies, and is ably defended by its friends, but both friends and enemies, forget, if they ever have known, that the army has never brought on a war, although they are depended upon to "see through" the wars that civilians foment. It was General Sherman who said years ago to a body of clergymen: "You gentlemen in black coats are the men who make war. We of the army simply end the wars which you bring on." And this is as true today as when General Sherman said it.

While the professional military training is everywhere founded on a certain spirit of caste, and army officers have been accused of embodying an aristocratic and class spirit, yet this much can be said, to the contrary. Although militarism is not consistent in theory with the spirit of democracy, it is evident that no other professional military service in

the world has more of the democratic spirit prevailing in it than our own. And it may be hoped that the time will never come when this cannot be said. An important safeguard for the preservation of a democratic spirit in the American army is the fact that the officers are drawn from no special class of our citizenship, but from the whole body of the people, regardless of wealth, birth and social position.

But the army with which we were connected, that of the civil war; the greatest ever brought into existence by our country, and its campaigns and battles were on a scale of surpassing magnitude. There were more than a score of single battles, sometimes extending over several days, in each of which the losses in killed and wounded on the federal side were greater than the aggregate of all our losses in all our wars combined. How paltry seemed the 5,000 killed and wounded in the war 1812, or the war in Mexico, or the war with Spain, compared with the 14,000 at Shiloh, 15,000 at the Chickahominy; 13,000 at Antietam; the same at Fredericksburg; 16,000 at Chancellorsville; 23,000 at Gettysburg; 16,000 at Chickamauga; 37,000 in the Wilderness and 26,000 at Spottsylvania. The grand aggregate of destruction fairly staggers the imagination, accustomed as we have been for more than a generation to the figures: 93,000 killed by bullets, 186,000 killed by disease, 25,000 dead from other causes—a grand total of 304,000, about one in nine who wore the uniform.

Indicating the magnitude of the struggle in another way, is the long list of battles, combats and engagements, excluding mere skirmishes, which in another war would have been noted, the total number of engagements was 2,261; and of these nearly 2,000 were in the 1,092 days of 1862-63-64; an average of almost two a day, week in and week out for three long years. Before their term of enlistment expired men in the ranks began to dream of home and family and friends as of something remote in the past, like ancient history, and as

unlikely to form part of their surroundings in the future, as the arrival of the millenium. They came to think that they themselves had never led any other life than the present one of tramping through the mud, sleeping on the wet ground, with a flimsy piece of shelter tent over their heads, walking up and down a sentry's post during the long watches of the nights, firing hostile bullets at their fellowmen and receiving wounds from them. They almost forgot that there was any other kind of food but fat pork, stringy beef and hard tack; any other drink but strong coffee, any other kind of cup but one of tin. The end of the war seemed as far away as the end of a long life to a young man, or father, and in their nightmare they saw themselves condemned through endless years to continue in the treadmill of their monotonous suffering, until finally their time should come to drop dead, as they had seen so many of their comrades or to pass out of the army by way of the hospital, leaving an arm or a leg there. There have been longer wars, but never one with such length sustained with such unflagging and intense energy, by such a multitude of men.

In no other war in all time has such respect been paid to the dead. Immediately after its close the secretary of war was directed by congress to secure suitable burial places and to have these grounds enclosed, so that the resting places of the honored dead may be kept sacred forever." In seventy-nine separate and distinct national cemeteries the bodies of nearly 300,000 soldiers who died during the civil war are interred, and the decorations of their graves with flowers on a fixed day has become a national custom. Some of the cemeteries contain each a silent army of over 10,000 soldiers, in serried ranks marked by the white headstones, or nearly half of which is inscribed "Unknown." The world may be searched in vain for anything similar or kindred; there is no other such impressive sight.

On fame's eternal camping ground
 Their silent tents are spread;
 And glory guards, with solemn round,
 The bivouac of the dead.

Such is the inscription at the gate of every one of the national cemeteries.

The campaigns of the war with Spain, or the expedition to China can not be referred to here.

With the new century the army has a new and greater task before it. During the last 126 years it has been the instrument by which our independence was gained, the union preserved, our territory extended, and this territory made habitable. It is now the instrument by which all resistance to the lawful authority of the United States in distant lands is suppressed; and it will hereafter be the strong arm upon which the civil power will rely for support, as it introduces among alien races which have come under our charge, those principles of self-government, of liberty regulated by law, of honest dealing and fair play, under which we have been so long happy and prosperous, but the benefits of which our new wards have never known.

From Lexington to Peking the record of the army is one to be proud of. The republic has not had and has not now in any branch of its public service, a more devoted and faithful body of public servants, animated by intense loyalty, by splendid courage, by the highest sense of honor and duty.

Sentiment by Toastmaster.

In conjunction with the army, the marine branch of the military service has ever covered the American name with imperishable renown. The American sailor, inspired by patriotic fervor, has always carried the standard of liberty to exalted triumph. The record of the Spanish war will never be forgotten as long as the memory of man shall continue to cherish the brilliant achievements of Santiago and Manila bay. Comrades

"The Navy"

and I call on Comrade C. G. Wilson to respond.

C. G. Wilson said:

Mr. Toast Master: When, some five minutes since, I was notified that I had been detailed to respond to the toast, The Navy, the query naturally arose in my mind as to the apparent connection between a cavalryman and those "that go down to the sea in ships." And when I was further notified that I was to fill the place of a comrade who dwelt in Tombstone, where there isn't enough water to quench the thirst of a mocking bird, my astonishment was emphasized. I frankly admit that I am authority as to the exact amount of a man's anatomy that escapes from the protection of a pup tent when a southern rain is pouring, but plead great ignorance as to the square inches of shade that a main sail will afford on a hot day. Why, sir, I am not even a horse marine; nor am I half seas over. The only connection between the "critter company" and a ship, that I can conceive, is that the horse and the ship each has a martingale. One time in the past that appears so distant to we old chaps with the white heads, the superior officers decided that a number of dismounted cavalrymen, of whom I chanced to be one, should do duty on a tin clad on the Mississippi. All old soldiers will recognize the style of craft referred to from the location of the moisture that identified the boats of that character. After four days of service I was permitted to graduate from the navy. If I received an honorable discharge, I am certain that I did not deserve one. But, Mr. Toast Master, no more inspiring theme for post prandial effort can be imagined than the American Navy. Its record has been a continual triumph, from the time when the farmers of Long Island—sailors in fishing time and husbandmen when there were fields to till or harvests to gather—captured the British sloop Gaspel and sent the captured powder to Washington on Harlem Heights, to the memorable day when Dewey and Schley gave notice to the world that "a Yankee ship and a Yankee crew" had no peers afloat.

Who shall ever forget the deeds of John Paul Jones- He was not a part of naval history; he was history itself. When the heroic but unfortunate English captain that he conquered with the Good Richard was exchanged and returned to England his king made him a baron for his gallant defense; Jones grimly remarked that if he could get another chance at him he would make him an earl. The American navy, unlike the army, has perpetuated on its rolls distinguished names. The first Porter commanded the first American warship that floated on the Pacific; fifty years later the second Porter commanded the Mississippi fleet with which most of us co-operated.

"Who has not heard of the dauntless
Varuna,

Who shall not hear of the deeds she
has done;

Who shall not hear while the brown
Mississippi

Rushes along from the snow to the
sun?"

One Farragut, a stripling better fitted for the primary school than the stern duties of a man-of-war, was a midshipman with that first Porter; do you recognize him, you old veterans that saw the smoke and heard the shells rising from the grim fortifications of Fort Phillips? When we were the boys he was the admiral. Then there were the Shufeldts, father and son, the Bainbridges, the first that one that commanded the grand old Ironsides, the last that one who bore so distinguished a part in the attack on Fort Fisher. And Fisher and Fighting Bob Evans and the navy cannot be divorced, for it was there that Evans fell and lay in the trenches twelve hours before he could be rescued. At the hospital the surgeons told him that his legs must be amputated; he cocked his revolver and told them that he proposed to die with both of them on. He lived to see Cervera strike his flag to the Iowa. The American navy, true as its own blue, has never been called upon in vain. Invincible in the past, when its ships

were few, in the future it will be still more invincible.

Sentiment by Toastmaster.

Our patriotic sires founded this nation upon the cornerstone of education and enlightenment of all the people. The advance of the early colonists was stymied by the "Little Red School House," which has since become symbolical to American progress in every branch and department of intellectual acquirement. I toast "Our American Universities and Colleges"

And call upon Professor Hall to respond.

Professor Hall spoke as follows:

Mr. Toastmaster: I am reminded tonight that it was just forty years ago, when you men in blue were fighting for the preservation of the union at the front, that congress paused for a short time in the midst of the responsibilities of that struggle to enact a law that has done as much as any national law of recent times to promote college and university education in the United States. This was the Morrill act of 1862 which has worked greatly for the cause of popular education in the west. It laid the foundation for our agricultural colleges and western universities. Founded by loyal men in times that tried men's souls these institutions have redeemed their cost in the blood of their sons.

Some of us, a little too young to have seen the civil war, yet near enough those times to know something of its cost, and old enough to look thoughtfully upon the character of our college boys, have wondered in years past as we saw our classrooms full of youths with sleekly-parted hair and carefully creased tennis clothes, if these boys would spring to the call of arms if ever it sounded, as did their fathers in '61. We wondered if there slept in their breasts the same patriotic zeal. The answer has come: the test has been applied: the American college boy has proved loyal to tradition and to ancestry, and Hamilton Fish, college athlete, dead in the first skirmish on

Cuban soil, where our O'Neill fought and our Brodie felt the Spanish bullet proves our college boys to be filled with the same blood that flowed in their father's veins.

The college boy here in the west was proved true to the trust of his college sire in the east. There, at Harvard, the proudest building upon the campus is the Memorial hall, erected to the memory of the sons of Harvard who fell in the great struggle. In glass and marble and bronze is kept alive the memory of those who offered all and suffered all that the nation might live, and proved that no physique is too carefully reared, no intellect, howsoever finely trained too, precious to the country when she calls. Here in the west, at my own alma mater which I visited last summer I noticed a new bronze tablet in the wall near great memorial arch. It bore the names of those who volunteered in '98, and some of these, marked with the star that told that here, too, college boys had sealed their devotion to their country with their blood.

What does this show? It shows that the education of our colleges and universities is loyal to country; that it does not dull the heart beat for country; that the American college boy will ever be true to the country that gave him his training, true to the flag.

"Breathes there a man with soul so dead

"This is my own, my native land!"

Breathes there an American who is not inspired with awe and admiration when contemplating the last half century of American progress? We look throughout the world, we find ruler and ruled equally lost in astonishment in the unparalleled supremacy of American enterprise, American valor and American genius. Comrades,

"Our Country"

and call upon Comrade Gov. L. C. Hughes.

Ex-Gov. Hughes said:

Comrades, Sons of Veterans, and friends: The sentiment "Our Coun-

try," is comprehensive. It suggests our national existence, and everything which enter therein, birth, progress, power, influence, at home and abroad. "Our country." Behold its remarkable growth, in population alone, during the last century. We increase from 4,300,000 to 76,000,000. While England with 16,000,000, increased but 55,000,000.

During this same time our country has enlarged its area of population from about 500,000 square miles to over 3,600,000. During the last five years we have increased in both area and population by new possessions which have come under the protection of our flag totaling more than 10,000,000 additional population.

What is the secret of this remarkable growth of our population, you ask. My answer is, our federal constitution. The flower of the best thought and noblest impulses of the Puritan and Cavalier. It guarantees political and religious freedom, and protection to its citizens in the widest scope of the terms. The liberty loving people of all the governments of Europe heard the news gladly. The best blood, the most heroic characters, the most strongly individualized and self-reliant men and women have come, in large processions to our country, the land of freedom, to live under our constitution and laws, which vouchsafed them the inalienable right of self government.

There are those who inveigh against the emigrant coming from foreign lands to our country. Consider the fruits of this emigration. It has given us strong, courageous self-reliant and conquering people. A migratory people, to be sure; but a mighty and all conquering people. Look at the results of their conquests in a century. More than 3,000,000 square miles of wilderness, mountains and plains, with their savage tribes of Indians, brought under their control. In conquering, subduing and bringing to their service these cal conditions, they absorbed, assimilated the forces they subdued.

During the last century our country has been a mighty crucible into which much of the best of all nations have

brought and smelted and as a result we have a human ingot, in the American citizen of today, who stands the peer as a citizen, to that of any nation on earth.

To this coming to us of the people of all nations add the puritan character and education which New England has shed throughout the entire land, and we have the two most potent factors and stable forces which have contributed to the grandeur and position our country occupies among the powers of the earth.

Mark how the world is looking to our country for many inventions of mechanical arts, for in manufacturing we lead all countries and peoples. Why is this? Because of our popular education and opportunity for the development and application of the genius of the people. The minister of the ways and means commission of Russia who built the great Siberian railway, served his apprenticeship in the Baldwin Locomotive works in Philadelphia.

There are myriads of young men from all parts of Europe being educated in our college shops, and factories. The press dispatches of yesterday announce that Herr Goldberger of Berlin, who a few days ago completed a tour of inspection of the United States and observed especially our vast manufacturing interests, reported to his government that the German had no more conception of the American people and their material prosperity than they had of the future life. A strong testimony from a sturdy man, but nevertheless true. Yes, our country leads the world in material industries and inventive genius as well as in political and religious freedom.

The center of finance has changed from London to New York and the American brains of J. P. Morgan is exciting to almost a condition of paralysis the financial world.

Our commerce on the seas has grown so rapidly that the ocean unites rather than separates the hemispheres.

The national irrigation law just enacted opens a new vision of our

country. Millions of farm homes and stalwart farmers producing billions of agricultural products, which will be called for by the people of the Orient. Result: The Pacific ocean a picture of grain craft carrying our products under our flag, bringing millions of treasure in return to our shores.

The achievement of our country during the last twenty years is without a parallel. Could this result have been achieved by a divided and dis-severed union? Never, no never. Then, comrades, reflect on some of the fruits of the sacrifices made to save and perpetuate this union. The brilliant results which came to our united republic through the patriotism of the north and south, which dazzled the world in its results. The Maine went down in Havana harbor, north and south sprang to arms. The Spanish fleet goes down on the other side of the globe at the command of Dewey. Cuba is set free and given her birthright as a republic. Our country receives the coronation of the "Mother of Republics." Great, grand, magnificent insignia.

Look at the silent influence our country is exercising in Americanizing the world at large. There are those who speak harshly of the American girls who through the influence of wealth, marry foreign titles, who seek alliances with royalty. These heiresses should not be discouraged. They are engaged in a good work. Remember every American girl who enters the social or political circles of Europe is an influence for Americanizing those circles. They become social and political missionaries. They are a leavening power today.

The American missionary girl is to be found in every quarter of the globe, and wherever she goes, our country and all it means is being made known. The vice empress of India is a Chicago girl. Don't you believe she is radiating American ideas in that far distant land?

Now, comrades, you observe in a slight degree what is comprised in the sentiment "Our Country."

Who will gainsay the fact that this is not the best government on earth? Our working people receive the best returns for their toil. They have the best homes. They enjoy life better than any other people. They have the privilege of the richest equal rights before the law. In fact all those good things which flow from political and religious freedom, and the steadfastness and safe conservatism which come from the puritan education of New England, engrafted into the best blood of nations of the earth.

This is the heritage our country gives to the young and rising generation of today. The outcome of which, Sons of Veterans, some of you will live to see fruiting in the crowning fact. Our country, this republic, the umpire of peace and good will over the nations of the world. This is the mission of our country. This prediction I would impress on your minds and hearts because the thought, the visions of people today are but the precursor of the reality which is to come. Do you believe this vision of our country's future? Then go preach this American gospel to every creature.

Sentiment by Toastmaster.

The internecine struggle between the north and south called forth the grandest displays of valor which the world has ever seen. The result proved that indomitable courage is characteristic of all Americans, regardless of locality. The survivors on both sides live in the memory of the past. The soldiers who fought for the union did their whole duty and rejoice in an honorable peace, free from resentment. I toast

"The Grand Army"

and call upon Dr. Charles Belden to respond.

Comrade Belden said:

Mr. President: You will pardon me if, in connection with the sentiment you have allotted me, I confine myself to two or three thoughts, for after the grand and eloquent responses to which we have listened, to the graphic account of our country's growth and the superb picture of the present America, in contrast with the condition of the other nations of the

world, as so effectively set forth by Comrade Hughes; to the inspired and lofty sentiments expressed by Comrade Parker in his beautiful tribute to the flag; to the pleasingly expressed thought of our hereditary absorption of the patriotic and heroic tendencies of our forefathers as related by Comrade Wilson, and the thrilling eulogy of the volunteers; and the tribute to the patriot scholar; and all the several other laudatory speeches, I believe that any general historical or sentimental review of the subject to which I am to respond would be altogether superfluous.

From what has been said, I am led to remark, in the language of one of our noblest hymns.

"We are living, we are dwelling
In a grand and awful time,
In a time of ages telling
To be living is sublime."

My comrades and friends, we have provisionally been permitted to live in just such a time. Our career commenced in the sixties, in turbulence and distrust. Then elements created war and forced upon us a line of action that dedicated our entire life to an intensity of action based upon lofty and ennobling purposes. We were soon baptized with blood to our own self-sacrifice for freedom. We have never emerged from the influence of that coronation, and, I pray God, we never may. That influence is what has been our inspiration, as a people, and what has, during the thirty-odd years of peace, produced the magnificent results, the recital of which thrills us beyond measure. Our conquests during the years of the war were great but our achievements, born of the same impulses that then inspired us, the desire for "peace on earth, good will toward all mankind," have been productive of much greater proportional benefit, and, when we survey the past forty years of our national existence, we are overawed by the grandeur of an advance far, as students of history, we perceive the accomplishments of these days so far outclass and outnumber the record of any similar period, and even of the combined results of many generations, that we may truly exclaim "To be living is sublime."

But, my comrades, there is also one sadly solemn thought. Our records show that of our patriotic land there is at present departing, by death, each year, an entire army corps. This report is one that teaches us the lesson of mortality. In this connection I am reminded of that famous painting by Guerne of the scene in the Coliseum, where, gathered upon its sands, in a group before the presence of the august emperor, the gladiators have come to salute him previous to participating in the fatal contests. I see them as they shout, "Ave, Caesar, Imperator, morituri te salutamus." (Hail Caesar, emperor, we who are about to die, salute thee.)

My comrades, so stand we, before the great White Throne, and we who have providentially lived our lifetime, under the impulse of the love of mankind may, before entering upon the final struggle, salute as did the gladiators, only we shall say, "Ave Jesu, Savior, morituri te salutamus." And that great heart that throbbed to eruption with the desire for the peace and happiness of mankind will surely beat sympathetically in favor of my comrades, a band of brothers consecrated to similar philanthropic purposes to those which animated Him and they will receive his cheering welcome, and the benefits of his hallowed sacrifice, because they have lived the life so providentially permitted them.

A dark cloud once shaded our glorious land. Civil strife was excited by the turbulent fury of political contest. War desolated our fields and buried our vales in blood. A contest so memorable in the annals of history has excited the warmest comments of contemporary chroniclers. The darkness is now past and peace and harmony have supplanted the bitter struggle of the past. The American people again united in the bonds of fraternal friendship, now rally around our old flag in joyful expressions of renewed devotion.

My friends, I toast the Confederate veterans.

Mr. Stewart responded as follows:

Mr. Toastmaster, Comrades and friends: It is with feelings of sincere delight that I am permitted to meet with you this evening. Although not a speaker I can still appreciate far more than words can express, the kindness and hospitality you have extended to us in this generous greeting.

After years of war and contest, we have at last arrived at a permanent reconciliation. The errors of the past have been atoned for by bloody sacrifices. We can now look back and see the mistakes of the past and our bitter sufferings and bitter experience should teach us to avoid their repetition. It is a blessed consummation that we can unite around the festive board, and rejoice over the peace and prosperity we now enjoy.

Again I thank you for this manifestation of your generous hospitality.

Sentiments by the Toastmaster:

Our devotion to country does not diminish our fondness for the locality in which we reside. Civic pride and municipal progress are equally commendable. To beautify and adorn our cities is to add to their importance and attractiveness. This has been the cherished desire of our municipal government and its success has been assured by earnest effort and honest endeavor. I give you "The Ancient and Honorable Pueblo" and call upon Mayor Schumacher to respond.

—

Comrade Schumacher said:

After the lofty flights of oratory indulged in by the gentlemen preceding me, it is just my luck to bring you back to the facts that existed here twenty-five years ago, when I first came to Tucson. But a block from where the most costly buildings in our city now stand was established a camp of United States soldiers for the protection of inhabitants of Tucson from the incursions of the murderous Apache, at that time the population of Tucson consisted principally of Mexicans. With only about 200 Americans and they were principally males, the American women being almost unknown. Today we have a population of about 12,500, principally

American, 2,500 of which are children of school age. provision for the education of whom there has been erected four magnificent buildings of the most modern construction. There is also a parochial school conducted by the Sisters of St. Joseph with a capacity of about 800 and an academy for young ladies conducted by the same sisters.

Also an Indian industrial school with an attendance of about 200 of both sexes. Then we have the "Pride of Arizona," the territorial university, with an attendance of about 200 young ladies and gentlemen.

Also a Carnegie free library, erected at a cost of \$25,000. As we care for the healthy, we also provide for the unfortunate and sick. A well equipped hospital and St. Mary's sanitarium has been erected about a mile from the city, beautifully located across the valley. Today we have a modern city with all modern improvements, such as water works, sewer system, all owned by the city; electric lights, telephones, ice works, cold storage plant, streets railways, with a prospect in the near future of having electric cars, and if you take a walk in the evening the streets are thronged with most beautiful ladies, such as this climate only can produce. Is this not progress in so short a time? Comrades and friends, it was my fortune to be with you during this time of progress and help you to bring about this change, and I shall be ever ready to help you in furthering the interests of Tucson. I thank you for your kind and courteous attention.

When the last roll call shall have been sounded for the Grand Army, and the last veteran shall have responded thereto, the last relic of a glorious heroism will have departed, only the memories of past glory would remain, were it not for the sons of those who stood in front of stricken battle. These successors of the glory of their sires will inherit the blessing of liberty which their fathers fought to perpetuate. It will be their solemn duty to keep sacred those mem-

ories. It will be their holy mission to preserve those beautiful ceremonies of reverence which have been established through the fraternal blending of all the heroes who have fought on both sides of the fearful conflict. I give you

"The Sons of Veterans"

And call upon John T. Hughes to respond.

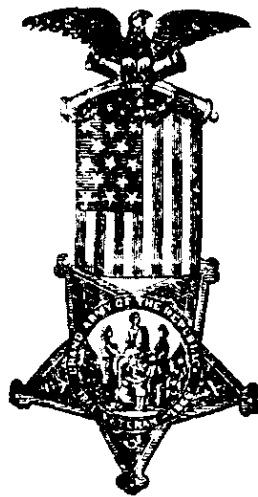

Mr. Hughes responded as follows:

Mr. Toastmaster: The time is not far distant when the last member of the Grand Army of the Republic will have passed to the great beyond. When that time arrives, and the organization lives only in history, will the country appreciate the fact that the grandest, bravest, and most patriotic band of men that ever assembled under a flag fighting for the cause of human liberty have passed to the great beyond to answer the roll call of the Great Commander in Chief? It is then that a duty devolves on the Sons of Veterans, a sacred duty, to keep alive the memories of the past the brave deeds and the heroic sacrifices made by the men who gave up their lives on the bloody battlefields of the Southland, to save the Union and strike the shackles from the limbs of four millions of human beings and forever make this the land of the free and the home of the brave. It will be the duty of the Sons of Veterans to impress upon the young and growing generations lessons growing out of that terrible conflict. What the great sacrifice of human life was made for, and the grand results growing out of the victory for the Union. But due credit must be given to the men who wore the gray, for being as honest and sincere in their belief and fighting as bravely in behalf of their cause, as any men who ever donned uniform or shouldered musket in behalf of any cause. The past has been forgotten, enmity has vanished, and at this time we know no section, no North, no South, but one grand reunited country. The grandest republic under the circuit of the sun. The absolute unity of our country was beautifully illustrated but four brief years ago, when duty called our country to interfere in behalf of

outraged humanity in the fair Island of Cuba. When the tocsin called to arms, thousands of men old and young responded to that call. From the rock-bound coast of New England, from the keystone and the Empire States, from the Western plains and the slopes of the Sierras and from the beautiful sunlit South, the land of the magnolia and the cypress, they came by thousands to answer their country's call and to avenge downtrodden justice. Men who wore the blue and the gray, who faced each other on many a hard fought field, now marched side by side keeping step to Dixie and Yankee Doodle. The battle scarred veterans of North and South took

part in the memorable battle of San Juan Hill. Men who had worn the gray commanded and men who had worn the blue followed, and when the smoke of battle had cleared away, side by side in the still sleep of death were men from Massachusetts and Old Virginia. They had fought together, died together, for the cause of human liberty just as they did in the Civil War.

It is just as much the duty of the Sons of Veterans to stamp out all feelings of sectionalism to discourage those who would keep alive that feeling of rancor that is the stock in trade of cheap politicians, as to keep alive the sacred memories of the past.

The Commander delivered the following address:

Comrades of the Sixteenth Annual Encampment of the Department of Arizona:

At the Fifteenth Encampment I was honored by being elected your Department Commander. My short administration of ten months has been uneventful, and there is but little to report.

The appeal of the Commander of Alexander Post at Globe, against the decision of my predecessor, in the matter of the reinstatement of dropped members, was by the last encampment referred to me for settlement. I appointed Comrade Minty, Commander of Negley Post, a committee of one to investigate, and if possible make an amicable settlement of the matter. Comrade

Minty was unable to go to Globe, and asked for and received authority to delegate that duty to Comrade Belden of Owen Post, who was about to visit Globe on other business. I have not yet received a report from Comrade Belden.

Samuel J. Crawford of Washington, D. C., Ex-Governor of Kansas and a Comrade, has addressed a circular letter to Department Commanders suggesting important changes in the Pension Laws. These changes as stated by him are, "Giving to every soldier and sailor under sixty-five years of age who served in the war of the rebellion for ninety days or longer, a pension of twelve dollars and fifty cents per month; to those over sixty-five and under seventy, fifteen dollars a month; and all over seventy, twenty dollars a month." And asking for action of Posts and Departments in favor of his scheme, and to raise the necessary means to cover the expenses of advocating it.

It appears to me that there is not the most remote possibility of getting such a law enacted; and if there was such a possibility, the mode of proceeding adopted by Mr. Crawford is irregular and faulty.

If the assistance of Posts and Departments is required or desired, the request or suggestion for that assistance should come from National Headquarters. I refer the matter to the Encampment and submit Mr. Crawford's letter herewith.

I invite the attention of the Encampment to the report of the Assistant Adjutant-General and the Assistant Quartermaster-General.

In closing, I desire to thank Comrade Schindler, the Assistant Adjutant-General and Assistant Quartermaster-General for the manner in which he has conducted the duties devolving on him, and I commend him to the Comrades as an earnest, faithful and enthusiastic Comrade of the Grand Army of the Republic.

C. F. SCHUMACHER,

Commander Department of Arizona.

On motion of Comrade Belden, the Senior Vice Commander appointed the following committee on the address of the Department Commander: Comrades Belden, Farnsworth and Grow.

The Assistant Adjutant General and Assistant Quartermaster General then read the following re-

port, which was also referred to the above committee.

C. F. Schumacher, Department Commander:

COMRADE—I take pleasure in submitting the following report:

Leaving the Department at the end of the year with 8 Posts and 196 members in good standing. The gains and losses during the last three months are not known at this office, as no reports for that period are on hand.

As seen by the mortuary report, eight deaths occurred between June of last year and today, as far as reported. Among those who have finished their earthly career are Department Medical Director Geo. D. Kendall and Department Inspector Gilbert D. Gray.

The remarks in my report of last year as to the apathy displayed by the smaller Posts, still holds good. The Commander in Chief, in directing attention to the necessity of taking up vigorously and systematically the work of recruiting, points to the remedy when he says: "Make Post meetings attractive and

urge comrades to attend. Let every comrade take an interest in the work of the Post, and endeavor to increase the membership."

J. W. Owen Post a short time ago held an open meeting, to which all old soldiers were invited. A few comrades spoke about the necessity of standing together. The result was that additions were made to the roll of the Post. Let other Posts do the same, and similar beneficial results will follow.

It was found during the year that Old Glory did not fly over some of the school houses in the Territory during school hours, and on investigation it was discovered that our Statute books contained no law governing the premises. A bill was therefore introduced at the session of the last Legislature, providing for the purchase and the display of United States flags in connection with the public school buildings within the Territory, which bill, I am glad to state, was passed unanimously, received the approval of the Governor, and is now a law. By its provisions the flying of the flag over or near our school houses during school hours and on holidays is made compulsory.

The Department banner has been repaired, as ordered. All orders received have been promptly distributed from this office, and all letters and enquiries, which have come to hand, have been answered at once.

The exhibit of receipts and expenditures shows a balance of \$252.30 on hand, which sum is, as has been customary, deposited in the Valley Bank of Phoenix.

An inventory of supplies on hand shows value of those supplies to be \$37.52.

There are no outstanding debts against the Department.

Commander—I desire to express my high appreciation of your confidence and esteem. You have been my Commander, and with the greatest interest in your administration, I have endeavored to so conduct the office of Assistant Adjutant General and Assistant Quartermaster General as to give satisfaction to yourself and the comrades of the Department. To others of the Department officers, I offer sincere thanks for their continued courtesy. And to the comrades of the Department, who make up our numerical strength as an organization, I can only express my sincere fraternal sentiment and heartfelt thanks for their uniform generous treatment.

Yours in F., C. and L.

W. F. R. SCHINDLER,

Assistant Adjutant General and Assistant Quartermaster General.

W. F. R. SCHINDLER,
Assistant Quartermaster General.

The Assistant Adjutant General stated that no other reports of officers had been received.

The Commander, on motion, appointed the following Committee on Resolutions: Comrades Parker, Schwartz and Christy.

Past Department Commander Belden, to whom the Department Commander had referred the heretofore reported controversy in Col. Alexander Post No.

6 for investigation, filed a report and protest from nine Comrades of that Post, which were, on motion, accepted and ordered to be printed in the published proceedings of this Encampment. The committee was discharged with the thanks of the Encampment.

On motion of Comrade Belden, the hour of 2:30 p. m. was designated for the election of officers for the ensuing term.

The Council of Administration reported that the accounts and vouchers of the Assistant Quartermaster General had been carefully examined, found correct and approved.

A request from several Comrades for the endorsement of the candidacy of Department Chaplain Winfield Scott for Chaplain-in-Chief at the next National Encampment, was referred to the Committee on Resolutions.

Letter of regret from Comrade Minty, to be unable to attend the Encampment on account of press of urgent business engagements, was read and duly acknowledged.

A letter from the "National Tribune," Washington, as to pension legislation, was referred to the Committee on Resolutions.

Comrade Monihon announced that the Woman's Relief Corps invited the Comrades and friends to a Campfire on Thursday, April 16th, at 2 p. m. Accepted with thanks.

On motion, adjournment was ordered to 2 p. m.

The Encampment met pursuant to adjournment and was, by the Department Commander, declared open.

The Committee on Commander's Address and Officers' Reports asked for further time until 10 a. m. on April 16th. Granted.

On motion of Comrade Doran, seconded by Comrade Schwartz, Prescott was unanimously selected as the place, and the third Wednesday in May, 1904, as the time of holding the Seventeenth Annual Encampment of this Department.

The present ratio of the Department per capita tax was continued for the next year.

The hour for the election of officers having arrived, the Commander called for the nomination of candidates for Department Commanders.

Comrade Schwartz, in a short speech, presented the name of Comrade Geo. W. Sanders, of J. W. Owen Post, for Commander. Comrade Doran seconded the nomination. Comrade Christy moved that the nominations be closed, and that the Assistant Adjutant General cast the vote of the Encampment for Comrade Geo. W. Sanders for Department Commander. The motion prevailed and the vote was so cast.

Comrade Sanders, signifying his willingness to accept, was duly declared elected Department Commander for the ensuing term.

For Senior Vice Department Commander, Comrade Belden nominated Comrade I. M. Christy, of J. W. Owen Post. Nomination seconded by Comrades Schindler and Burrows. Comrade Christy attempted to decline. Declination not accepted, and the Comrade was unanimously elected Senior Vice Department Commander for the ensuing term, and so declared.

Comrade R. K. Farnsworth, of Sedgwick Post No. 10, was, by Comrade Burrows, nominated for

Junior Vice Department Commander. Nomination seconded and the Comrade was unanimously elected, and so declared.

For the remaining offices to be filled, the following Comrades were successively nominated, in each case unanimously elected, and so declared:

Medical Director, Chas. D. Belden, of J. W. Owen Post No. 5; Department Chaplain, Winfield Scott, of J. W. Owen Post No. 5; Council of Administration, R. H. G. Minty, of Negley Post No. 1; A. J. Doran, of Barrett Post No. 3; W. H. Pierce, of Ransom Post No. 4; W. H. Dunham, of Alexander Post No. 6; D. F. Phelan, of Sedgwick Post No. 10; Delegate to the Thirty-seventh National Encampment, Jno. L. Burrows, of J. W. Owen Post No. 5; Alternate, R. H. Greene, of J. W. Owen Post No. 5.

On motion, the installation of officers was ordered to take place on Thursday, April 16th, at 10:30 a. m.

The Commander asked to be excused from further attendance, pressing business demanding his immediate departure for Tucson. Leave of absence unanimously granted.

Past Department Commander Grow was similarly excused.

Adjournment until 10 a. m. on April 16th.

SESSION OF APRIL 16.

The Encampment convened at 10 a. m., Senior Vice Department Commander I. M. Christy presiding.

The Committee on the Address of the Department Commander and Officers' Reports submitted the fol-

lowing report, which was, on motion, received, unanimously adopted and the committee discharged.

To the Sixteenth Annual Encampment:

Your Committee to whom was referred the address of the Department Commander and the reports of the several Department Officers, having carefully read and duly considered the same, would respectfully report. We commend our Department Commander's zeal and devotion as displayed in the several matters in his report, and recommend a vote of thanks to Department Commander Schumacher for his attention to the affairs of the Department during his term of office.

We agree with the expressions made use of in connection with the communication from Ex-Governor Crawford. We do not favor any move on the part of the several Department Encampments to raise funds for the expressed purpose of advocating measures intended to modify the Pension Laws. We heartily endorse and believe in the support of any measure that will more liberally relieve the wants of the "old soldier" in his declining years. We have heretofore expressed our belief that notwithstanding the great outlay through the pensions annually paid to our deserving Comrades, his distress is not adequately relieved, and we trust the wisdom of Congress will create and enact a better and more adequate method of supporting those needy Comrades, whose inability was created by service in maintaining our Government.

Assistant Adjutant-General Schindler has again submitted an admirable report and we feel that our Department owes an expression of kindly esteem for his service. We therefore recommend a vote of thanks be specially voted Comrade Schindler for his faithfulness and constancy in Grand Army work, in discharging the onerous duties of both Assistant Adjutant-General and Assistant Quartermaster-General of our organization in this Territory.

We are pleased to observe the careful protection of our funds and property, and that our affairs have been so economically managed.

We rejoice in the passage of the Law by the last Legislature of our Territory, requiring the flying of the United States Flag over our schoolhouses, and we extend our congratulations to all who joined in our efforts to thus create and maintain a spirit of reverence for all that "Old Glory" implies. In the word of presenting and urging this law, Comrade Schindler was first and foremost; but to the honor of all concerned, we cheerfully record

the fact that from first to last there was not the least intimation of opposition. All seemed delighted to cheer the bill on its course. The spirit with which it was generally received was envied by our Governor, Colonel Alex. O. Brodie, himself an old soldier, who had fought under its folds, who said, "That bill cannot come down for my signature any too quickly." We must also record a good word for our dear sisters of the Relief Corps for their assistance and aid in materially swelling the applauding sentiments with which that law was so unanimously hailed.

CHAS. D. BELDEN.
A. L. GROW.
R. K. FARNSWORTH.

The Committee on Resolutions then submitted the following report, which was, on motion, received, unanimously adopted and the committee discharged:

To the Sixteenth Annual Encampment of the Department of Arizona, G. A. R.

Your Committee on Resolutions beg leave to present the following resolutions:

1st. Resolved, That the Sixteenth Annual Encampment of the Department of Arizona, Grand Army of the Republic, most heartily endorses the candidacy of Comrade Winfield Scott for the office of Chaplain-in-Chief at the Thirty-seventh National Encampment of the G. A. R., and our delegates to said Encampment, to be held in San Francisco, Cal., in August next, are hereby instructed to use their best endeavors to secure his election to that office.

Comrade Winfield Scott entered the army at an early age as a volunteer with a company composed largely of students from the Theological Seminary at Rochester, N. Y. He served with distinction as Captain of his company and eventually became Colonel of his regiment, acting in several engagements as Brigade and Division Commander.

Shortly after the close of the war he was appointed Chaplain in the regular army and served as such until regularly retired. He has served as Post and Department Chaplain for years, doing faithful work among the veterans. His usual salutation to the Comrades has been "We are blood relations," and this expression, which we recognize as one peculiarly fitting to his temperament, has endeared him to the Comrades as their spiritual

advisor. We trust that his numerous friends in other Departments will unite with us in our effort to honor him, by electing him to the office of Chaplain-in-Chief.

2d. Resolved, That a memorial page be set apart in the published proceedings of this Encampment in commemoration of our departed Comrades.

3d. Resolved, That we heartily endorse the efforts of the "National Tribune" to secure more liberal Pension Laws for all old soldiers.

4th. Resolved, That the thanks of this Department be tendered to the several Railroad Companies for their kind and generous treatment in according courtesies to the members of this encampment.

5th. Resolved, That the Comrades of the Grand Army hold in high esteem the organization of the Woman's Relief Corps. That their untiring zeal and fidelity in caring for the welfare of the Comrades has been beneficial to our Posts and Department. They have brightened and enlivened many a Campfire within the last year, and have made our Posts more attractive and better attended by their presence at our social entertainments. We cannot speak in too much praise of their able work.

6th. Resolved, That the sincere and heartfelt thanks are hereby tendered Arizona Lodge No. 3, F. & A. Masons, of this City, for the use of its hall to hold this Encampment.

(Signed)

REPORT OF COMMITTEE ON ALEXANDER POST,
No. 6, GLOBE.

*To the Sixteenth Encampment of the Department of Arizona.
G. A. R.*

Having been appointed as a Committee to investigate the heretofore reported controversy in Alexander Post, No. 6, I respectfully report that I visited that Post on March 20th to 25th last, and after consultation and thorough investigation of the matters referred to me, I would submit the following remonstrance of nine Comrades, each of whom is a respected citizen of the city of Globe, as a fair and true statement of the condition

of the affairs of that Post so far as they refer to the official acts of said Post.

CHAS. D. BELDEN, Committee.

GLOBE, ARIZONA, October, 1902.

C. F. Schumacher, Commander Department of Arizona, G. A. R., Tucson, Ariz.:

DEAR SIR AND COMRADE—We, the members of Colonel J. W. S. Alexander Post No. 6, G. A. R., ex-members of the G. A. R. and soldiers of the civil war, are surprised at the action of the Committee on Reports and Resolutions in the matter of Comrade Schulze's appeals from the decisions of the Department Commander and of Past Post Commander Dunham, by publishing to the world that there is trouble in our Post. There is no trouble but what Comrade Schulze makes himself by objecting to everything the Post does, and voting contrary to the balance of the members. The decisions of Past Post Commander Dunham were approved by all the members present except Comrade Schulze, he (Schulze) continuing his tirade till spoken to by Rev. McIntyre, a member of the G. A. R., telling him that action of the Post was correct.

Schulze still continued his talk till the Post Commander told him to be still or he would prefer charges against him, or words to that effect; all this tirade while ladies and gentlemen were in the next room waiting for admission to attend our installation. The members of this Post cannot understand how it is that the Department officers can recognize complaints not being forwarded through the proper channel and having no proofs of allegations submitted therewith. We consider it not good comradeship, as the executive officers of our Post are capable of performing their duty in a just and unbiased manner, and we herewith call attention to "Court Martials" on page 139, Grand Army Blue Book. All this fuss of Comrade Schulze is a private matter.

We, the undersigned comrades, certify that the above is a true statement of facts to the best of our knowledge and belief.

JAMES WILEY, Alexander Post No. 6, Past Post Com.

J. H. FEAGLE, Alexander Post No. 6, Post Com.

ALBERT SIEBER, Member No. 6.

OLIVER T. TAYLOR, Member No. 6.

JOHN J. CRAMER, ex-Member.

THOMAS B. PARKER, ex-Member.

CHAS. H. THAYER, Member No. 6.

E. O. MCINTIRE.

W. H. DUNHAM, Adjutant No. 6.

On motion of Comrade Schwartz, the following resolution was unanimously adopted: That when the roll of deceased Comrades is about to be called at Encampments, the Commander bring the members to attention, and they remain standing during such roll call.

On motion, the Assistant Adjutant-General was instructed to have the usual number of copies of the proceedings of this Encampment printed, together with the roster of the Department and Posts, and the orders issued during the last year.

The Assistant Quartermaster-General was also instructed to renew the arrangements heretofore agreed upon with the President of the Valley Bank, Phoenix, as to the funds of the Department deposited in said Bank.

Past Department Commander Edward Schwartz as Senior Past Department Commander present, duly installed the officers-elect who were conducted to their stations.

Department Commander Sanders announced as his Assistant Adjutant-General and Assistant Quartermaster-General, Comrade W. F. R. Schindler of J. W. Owen Post, No. 5, who was installed by the installing officer.

Commander Sanders in taking the chair made a few appropriate remarks and then closed the Encampment.

A true and correct report.

W. F. R. SCHINDLER,

Assistant Adjutant-General.

In the afternoon the J. W. Owen Woman's Relief Corps gave the Comrades and their friends a very elaborate banquet. Impromptu speeches were listened to with evident enjoyment by all present, and the hour of departure arrived but too soon.

ROSTER OF THE DEPARTMENT AND POSTS

1904

PRESS OF THE H. H. McNEIL CO.
PHOENIX, ARIZONA

PROCEEDINGS
OF THE
Seventeenth Annual Encampment
OF THE
DEPARTMENT OF ARIZONA
GRAND ARMY OF THE REPUBLIC

In compliance with resolutions of the Sixteenth Annual Encampment and General Orders No. 4, Current Series, the Seventeenth Annual Encampment of the Department of Arizona, G. A. R., convened at the hall of Barrett Post No. 3, in Prescott, on May 18, 1904, at 2 p. m., and was called to order by the Department Commander.

Comrade Wm. H. Ferguson, of Barrett Post, reported as Officer of the Day, and Comrade Timothy Fell, of the same Post, as Officer of the Guard.

Roll-call of officers was had. The Senior Vice-Commander being absent, and the office of the Junior Vice-Commander being vacant, the Commander appointed Comrade Samuel Goldsworthy, of Barrett Post, Senior Vice-Commander *pro tem*, and the Encampment elected Comrade J. N. McCandless, of Barrett Post, Junior Vice-Commander for the unexpired term.

The Encampment was then opened in due form.

The Committee on Credentials reported that after due examination 80 Comrades are found to be legal members of this Encampment.

The report was, on motion, received, adopted and the Committee discharged.

The elected members of the Council of Administration being absent, Comrades Parker and Judd were duly elected members *pro tem* of the Council.

The Department Commander delivered the following address:

COMRADES:—As set forth in General Order No. 3, on the 6th day of February, 1904, our beloved Comrade and Commander Geo. W. Sanders departed this life. In his death our Department suffered a grievous loss. Having been quite intimately acquainted with him, I wish to bear witness to his kind and loving disposition and his love and loyalty to the old soldiers and especially to the Grand Army of the Republic.

In accordance with the rules, on his death, I assumed command of the Department. My command has been short—about three and one-half months—during which time nothing of special importance concerning our Department has occurred.

Owing to sickness and my official duties, I have been unable to visit any of the Posts of the Department, and cannot therefore make an extended report as to their condition.

Comrades—we are growing old—each year sees our ranks being more rapidly depleted and joining the host on the other shore. But a few years more and we shall all have listened to the last "Tattoo" and passed over. By reference to the Adjutant General's report, you will observe that we have lost 28 members from our rolls during the past year over and above the gains from enlistment, etc. J. W. Owens' Post being the only Post showing an increased membership, although suffering the heaviest loss from death's cold hand. Is it not possible for the other Posts to imitate her example and by special effort show an increased membership at the end of next year? There are numbers of old soldiers throughout the Territory who have never joined the organization, others coming from the East have allowed their membership to lapse and never joined here, and others have been

dropped for non-payment of dues. Let us all make a special effort, the coming year, and hunt up all the old soldiers we can find and try to persuade them to join some Post. Every old soldier should belong to the Grand Army and a little urging is all many a man needs, who will not think of it or join unless so reminded or urged.

Hunt up the delinquents and get them reinstated and I believe success will crown our efforts.

In the death of Past Department Commander Edward Schwartz, our Department has sustained a serious loss. A gallant soldier during the war, his warmest sympathy and assistance was ever extended to his old comrades, and he was ever ready to respond to any demand or request from the Grand Army.

To the Ladies of the "WOMAN'S RELIEF CORPS," God bless them, I desire to extend my thanks for their ready and efficient aid to the Posts of the Grand Army, in caring for the old soldiers and their families in their hours of suffering and bereavement.

I most heartily extend my thanks to Past Department Commander Schindler, our efficient Assistant Adjutant General and Assistant Quartermaster General, for his efficient assistance and counsel during my short time in office.

And now, my comrades, I lay down the gavel, the symbol of authority, trusting that we shall all use our utmost endeavors, during the coming year, to build up the Posts of our Department, and that of those of us who may be permitted to meet at our next annual Encampment it may be said, "Well done, good and faithful members."

Yours in F., C. & L.,

I. M. CHRISTY,

Department Commander.

On motion, the address of the Commander, as well as the reports of other officers, and all resolutions, were referred to a committee consisting of Comrades Parker and Fell.

The Council of Administration reported that it had examined the account of the Assistant Quartermaster-General, accompanied by proper vouchers, and had found all receipts properly accounted for and all disbursements legally made. The account is approved by the Council.

Report of Council received and adopted by the Encampment.

The Assistant Adjutant General and Assistant Quartermaster-General then read the following reports, which were referred to the Committee on Reports:

I. M. Christy, Department Commander:

COMRADE:—Please find herewith report of the Department for the past year:

Resulting in a loss of 28 members. Post No. 7, at Tempe, has for some time failed to furnish reports, although repeatedly and urgently requested to do so, and had to be placed on the delinquent list. From personal investigation, I have become satisfied that there is no likelihood of a revival of the Post, the members having become widely scattered; and I have advised those who remain in the neighborhood of Tempe, to transfer to the Post at Phoenix, which they have promised to do.

Our death roll is growing larger every year, reminding us that we are all nearing our end. Among those who have answered

their last roll call, are Department Commander Geo. W. Sanders, who died while in office, and Past Department Commander Edward Schwartz, both earnest and energetic Comrades.

Our Department banner, which was repaired in 1902, was badly torn in the parade at the National Encampment in San Francisco last August, and ought not to be carried in future parades. It is very heavy and unhandy to handle; a regulation banner would be much lighter, and easily carried.

The balance of \$207.87 in the treasury is deposited in the Valley Bank of Phoenix, as has been the custom for years.

The supplies on hand are valued at \$39.50.

There are no outstanding claims against the Department.

All orders and communications have been promptly distributed.

All Department officers, both elective and appointive, have worked earnestly for the best interests of the Department, and I have been treated with the utmost courtesy by them, for which I tender my sincere thanks.

I embrace this opportunity to extend to you, Commander, my most sincere and heartfelt thanks for my appointment as Assistant Adjutant General and Assistant Quartermaster General, and trust that I have fulfilled my trust with reasonable success.

Very respectfully in F., C. and L.,

W. F. R. SCHINDLER,

Assistant Adjutant General and Assistant Quartermaster General.

The Assistant Adjutant stated that no other reports of officers had been received.

The Roll of Honor was read, whilst the members of the Encampment were standing.

On motion the following committee was appointed to draft resolutions of respect on the death of lately deceased Department Officers: Comrades Scott, Creighton and Arnold; with leave to report said resolutions to the Assistant Adjutant-General for insertion in the proceedings of this Encampment.

Comrade Schindler moved the endorsement of the resolution of the 37th National Encampment in favor of the so-called Grand Army Service Pension Bill now before Congress. Motion seconded and unanimously adopted.

At 2.40 p. m. a recess was taken for half an hour.

Encampment re-assembled at 3.20 p. m., all the officers in their respective places.

The Committee on Reports and Resolutions submitted the following report, which was, on motion, received, unanimously adopted, and the committee discharged:

Your Committee, to whom was referred the Address of the Department Commander and the Reports of the various Department Officers, beg leave to state that we have carefully read the address of the Department Commander and are pleased to say that no complaints have been made to this department requiring action at this Encampment. We read the Roll of Honor with sorrow and sympathy for the Posts who have seen their ranks thinning one by one, reminding us that the finger of time is pointing our way, and that the work left for us to do must be done soon or left unfinished at the final reveille.

We most heartily endorse the suggestions of the Commander, that each Post use more strenuous efforts to gather in those who have become delinquent, and all old soldiers who have never been mustered into some Post, and help to fill our ranks as full as the scythe of time will permit.

We recommend that a memorial page be set apart in our Annual Proceedings in honor of our departed comrades. That a letter of fraternal sympathy be sent to the widows of our deceased Past Department Commanders, G. W. Sanders, Edward Schwartz, and Past Department Senior Vice-Commanders, John Y. T. Smith and John L. Burrows, by the Adjutant General and under the seal of this Department.

We are so accustomed to full and accurate reports from our efficient Adjutant-General and Quartermaster-General that we looked for just what we got—full and correct accounts of all funds belonging to the Department.

Your Committee desire to extend the soldierly greeting to the Woman's Relief Corps for the unselfish devotion and loyal labor they are ever giving to the Posts of our Department and to the old soldiers wherever they may be. We are glad to add our vote of thanks to the Pension Department and to the President of the United States for the remembrance of the old soldiers.

The Committee also reported the following resolutions, which were unanimously adopted:

Your Committee regret exceedingly to find so few Posts represented at this Encampment, and in order that the meetings of this Department Encampment may be more fully attended, therefore be it

Resolved, That at all future Encampments of this Department each Post see to it that one member of their Post attend such Encampment.

Resolved, That the thanks of this Encampment be tendered to the several Railroad Companies for their kind and generous treatment in according courtesies to the members of this Encampment.

Resolved, That the thanks of this Encampment be extended to our Comrades of Barrett Post for their cordial welcome and their continued and pleasant attention to the Comrades during their stay in Prescott.

Respectfully submitted,

P. P. PARKER,
TIMOTHY FELL,
Committee.

The present ratio of the Department per capita tax was continued for the next year.

On motion, the Assistant Adjutant-General was instructed to have the usual number of copies of the proceedings of this Encampment printed, together with the roster of the Department and Posts, and the Orders issued during the past year.

The Encampment proceeded to the Election of Officers for the ensuing year.

RESOLUTIONS OF RESPECT AND SYMPATHY

Whereas the Supreme Commander has caused to be mustered out of all earthly service since our last Department Encampment two of our Past Senior Vice Commanders, Comrades J. Y. T. Smith and John L. Burrows, and Department Commander G. W. Sanders, and Past Department Commander Edward Schwartz, all members of this Encampment. Therefore, be it

1. *Resolved*, That by their deaths this Department has been deprived of the service and comradeship of four useful and worthy Comrades, whose loss we greatly deplore.

2. *Resolved*, That in the death of Department Commander G. W. Sanders this Department lost a kind and gentlemanly comrade and efficient officer, and that we fervently regret that he was not spared to complete his term of service and be with us this day to lay before us some plans he had matured for the future increase of our membership and welfare of our noble order.

3. *Resolved*, That Comrade Edward Schwartz, as one of our worthy Past Department Commanders is recognized and respected by this Department as one of its organizers and faithful attendants at its meetings, and who always to the last days of his career on earth was ready to extend to a worthy comrade a helping hand, and to give to his Post or Department his services, fully recognizing our obligations to each other as comrades, and manifesting a pride in the service we as soldiers have rendered our country. We shall long remember him and miss him from our councils.

4. *Resolved*, That this Department extends to the widows and children of these, our comrades, our heartfelt consolation, and hope that they may feel an additional consolation in remembering that a grateful nation remembers them among its defenders, and that their children and children's children, in ages to come, can point with pride to the deeds of their ancestors.

5. *Resolved*, That these resolutions be given a page in the Proceedings of this Encampment, and copies of the same mailed to the widows of these comrades.

WINFIELD SCOTT,
WALES ARNOLD,
JAS. A. CREIGHTON,
Committee.

Commanders, Memorial Day will have been properly and fittingly observed. Further special directions as to details are not required.

May 30th has become a General Memorial Day of the Nation, when all citizens co-operate, and the graves of our beloved ones are strewn with flowers. And this is as it should be. Display flags at half mast and observe the day as a holy day. Cause the ceremonies of that day to be celebrated with due solemnity.

Blanks for memorial reports of Post Chaplains will be furnished in due time. They should be promptly filled out and at once forwarded to these Headquarters.

2. A number of comrades are not members of the Grand Army. They live on farms or in the mountains, and come to town only when business requires it. To become better acquainted with them let Posts hold open meetings on the afternoon of "Pension Days," when refreshments would be served and a Notary be present for the execution of pension vouchers. Have notices in the papers, inviting ALL to come. I feel confident that a substantial increase in the membership of the Posts would result from such a course.

By command of

GEORGE W. SANDERS,

Department Commander.

W. F. R. SCHINDLER,

Assistant Adjutant-General.

 PHOENIX, ARIZONA, February 9th, 1904. }

GENERAL ORDERS NO. 3.

Comrades:

I. The Department has sustained a most grievous loss. Our Commander, George W. Sanders, departed his life at 2 a. m. on February 6th, and was buried by his Post on February 8th. By his death we lose an invaluable Comrade, whose ever chief aim was the maintenance and advancement of the order. He was born in 1839 in Fort Covington, New York, and served during the Civil War in Company C, First Ohio Artillery. After the war he devoted his energies to the development of the mining interests of the Southwest. Peace to his ashes!

II. In accordance with our rules, I hereby assume command of the Department, and ask the assistance of Post Commanders

and of every Comrade in the Department in bringing back to our membership those who, from whatever cause, have left our ranks, as well as those never having joined us. Make them understand that whatever legislation has been, comrades, has been through the organized effort of the Grand Army of the Republic. Comrades realizing this will certainly desire to be counted in the membership.

III. The staff officers of our late Commander are hereby continued in office. They will be obeyed and respected accordingly.

IV. As a mark of respect to our departed Commander our Department and Post Officers will for thirty days from date of this order wear the usual badge of mourning and the Charter of the Department and of each Post will be draped in mourning.

I. M. CHRISTY,
Department Commander.

Encampment called to order at Masonic Hall, Phoenix, at 11 a. m. on April 19th, 1905, by the Department Commander. Resolutions of the last Encampment, fixing place and date, and General Orders No. 2, c. s., convening the Encampment, read.

Comrade P. P. Parker, of J. W. Owen Post, reported as Officer of the Day, and Comrade A. J. Weaver, of the same Post, as Officer of the Guard.

Roll-call of officers. The Senior Vice-Commander being absent, and the office of Junior Vice Commander being vacant, the Commander appointed Comrade R. H. Greene, of Owen Post, as Senior Vice-Commander *pro tem*, and Comrade Josiah M. Fike, of the same Post, as Junior Vice-Commander *pro tem*.

The Encampment was then opened in due form.

The Committee on Credentials reported 78 Comrades as entitled to membership of the Encampment. Report adopted and Committee discharged.

The Department Commander then delivered the following address :

COMRADES:—The sad event of the death of Commander I. M. Christy, on March, 31st, having been the cause of my succeeding to the command of the Department for a few weeks, I will have to refer to the report of the Assistant Adjutant General as to the condition of the Department and its administration during the past year.

Too much cannot be said of the goodness of heart and sterling integrity of Commander Christy. He was beloved by all, and loved, above all, his old comrades in arms and the Grand Army of the Republic. His earthly troubles are ended. May he rest in peace.

The grim reaper of Death is depleting our ranks more rapidly each year, but the main cause of our diminishing numbers is the neglect of the Comrades to attend Post meetings and to keep in touch with our organization. Those who are well able to pay their dues omit to do so, and the Posts, being handicapped financially, are unwilling to pay the Department per capita tax for such members. Suspension follows, and the membership is reduced correspondingly. Let each Post select a suitable committee, whose duty it shall be to visit the delinquent members and induce them to place themselves in good standing; also to hunt up Comrades who have come here to reside, and have allowed their membership to lapse in other Posts.

I can see no reason why, with renewed efforts, our next Encampment should not show an increased membership of every Post.

Yours in F., C. & L.,

ARTHUR J. JUDD,
Department Commander.

Address and reports of other officers, on motion, referred to a committee, consisting of Comrades Grow, Scott and Fike.

Council of Administration reports examination of account of Assistant Quartermaster-General, accompanied by proper vouchers. All receipts are properly accounted for and all disbursements are legally made. The account is approved.

Report received and adopted by the Encampment.

The Assistant Adjutant-General and Assistant Quartermaster-General then read the following:

Arthur J. Judd, Department Commander.

COMRADE:—I have the honor to submit herewith my report for the past year:

Resulting in a net loss of 25 members. 12 comrades died in 1904, and 19 were suspended. Since the first of January of this year, J. W. Owen Post sustained a further loss by death of two comrades, one of which was Department Commander I. M. Christy, who died March 31st. Thus we have lost within a little more than a year two Commanders while in office. The Department also lost during the last year Department Inspector J. H. Bauman who died July 10th, 1904, in Tucson, and Medical Director J. N. McCandless, who died November 25th, 1904, in Prescott.

It will take our best efforts to maintain our small Department in an efficient state, but I can truthfully say that all Department and Post officers have always contributed to the best of their abilities to the welfare of our organization, and am confident that they will continue to do so as long as there exists a Department of Arizona.

All orders and circulars from National Headquarters have been promptly distributed, and all communications have been at once attended to.

As usual, the balance of \$209.23 is deposited in the Valley Bank of Phoenix.

The supplies on hand show a value of \$37.35.

There are no claims against the Department.

I sincerely thank you, Commander, and all Department officers, for the uniform confidence and courtesy shown me.

Very respectfully yours, in F., C. and L.,

W. F. R. SCHINDLER,

Assistant Adjutant-General and Assistant Quartermaster General.

The following Comrades were successively nominated, in each case unanimously elected and declared duly elected by the chair.

Department Commander: Arthur J. Judd, of Barrett Post, No. 3.

Delegate to 39th National Encampment: J. D. Gilbert, of J. W. Owen Post No. 5. Alternate, D. P. Kyle, of J. W. Owen Post, No. 5.

There being no other offers, Phoenix was, on motion, unanimously selected as the place, and the third Thursday in April, 1906, (April 19th) as the time of holding the 19th Annual Encampment of this Department.

Recess until 2 p. m., when the Encampment re-assembled. All the officers in their respective places.

The Committee on Reports submitted the following:

We, your Committee on the Address of the Department Commander and the Reports and Books of the several officers of this Department for the term ending this day, respectfully report: That we heartily endorse the suggestions and recommendations of the Commander as to the steps which should be taken towards bringing all Veterans into the ranks of our Posts.

That we have carefully examined the books of the Assistant Adjutant-General and Assistant Quartermaster-General, and find them well kept and correct; and also, that we are of the opinion that a report or examination by a committee is superfluous, while we have so careful and efficient an officer as Comrade W. F. R. Schlindler performing the duties of Assistant Adjutant-General and Assistant Quartermaster General of this Department.

Report, on motion, adopted and Committee discharged.

The following, reported by the Committee on Resolutions, were unanimously adopted, and the Committee discharged.

That each Post is requested to make provision so that at least one delegate of their Post attend Department Encampments.

That the thanks of this Encampment be tendered to the several railroad companies for their kind and generous treatment in according reduced transportation rates.

That the thanks of this Encampment be and are hereby extended to the Comrades of J. W. Owen Post for their cordial welcome and pleasant attention to the members of the Encampment during their stay in Phoenix.

That we extend a soldierly greeting to the Woman's Relief Corps for the unselfish devotion and loyal labor towards the Posts of our Department and to the Veterans and their families. God bless them!

That the thanks of the Encampment are tendered to the Independent Order of Odd Fellows for the use of their hall on Wednesday night, and to the members of the Eastern Star for the loan of their dishes, and of the splendid decorations of the hall.

That the attention of the authorities of the public schools of the territory is called to Act 19 of the Twenty-second legislature of Arizona, Section 1, "It shall be the duty of the school authorities of every school district of the Territory of Arizona to purchase

a United States flag, flagstaff and the necessary appliances therefor, and to display such flag upon or near such school building during school hours, and at such other times as said school authorities may direct." It having been reported to the Encampment that the trustees of the public schools of Phoenix have neglected to comply with said law and have permitted the Woman's Relief Corps of Phoenix to purchase flags for her schools out of the pittance raised by these patriotic women for charitable purposes, needed to meet the necessities of the old veterans and their families in want; we express the hope that the patriotic citizens of a city that ought to be an example of loyalty to law and a promoter of patriotism among her youth to every town and community in our Territory, will require her school authorities to comply with this act.

RESOLUTIONS OF RESPECT

Whereas, The Supreme Commander has caused to be mustered out of earthly service since our last Department Encampment three of our Department officers, I. M. Christy, Department Commander; J. N. McCandless, Medical Director; and John H. Bauman, Department Inspector. Therefore be it resolved

1. That by the death of these Comrades, the Department of Arizona has lost three of her most worthy members, as evidenced by the responsible positions they had been called to fill in our organization, and as our ranks are being continually depleted, we greatly deplore their loss and miss their comradeship.

2. We console ourselves to know that when the last tattoo was sounded, these Comrades could look back over their soldier life and realize that all its dangers and perils contributed to the present unity of our nation and its greatness and influence among the peoples of the world, and realize that these hardships had not been endured in vain.

3. That in the death of Department Commander I. M. Christy this Department lost a gentlemanly comrade and efficient officer, who by his cheerful and unassuming disposition in active service in the army, in his home life and the community and in his official life, in the various civil offices which he filled, has left a worthy inheritance to his family and friends.

4. That this Department extends to the families of these our Comrades, our heartfelt consolation and hope that they may feel an additional consolation in remembering that a grateful nation

remembers them among its defenders, and that their children and children's children, in ages to come, can point with pride to the deeds of their ancestors.

5. That these resolutions be given a page in the proceedings of this Encampment, and copies of the same mailed to the families of these Comrades.

Committee { JAS. H. CREIGHTON,
P. P. PARKER,
A. J. WEAVER.

The present ratio of representation and Department per capita tax was continued for the next year.

The usual number of copies of the proceedings of the Encampment, together with orders issued during the past year, and a roster of the Department and Posts were, on motion, ordered to be printed.

Past Department Commander A. L. Grow duly installed the officers-elect, also Assistant Adjutant General and Assistant Quartermaster General W. F. R. Schindler, who had been re-appointed by the Department Commander.

There being no further business before the Encampment, it was closed in due form.

W. F. R. SCHINDLER,
Assistant Adjutant General.

At 8 p. m. a camp fire was held under the auspices of J. W. Owen Corps, W. R. C., who furnished an elegant spread. A feature of the camp fire was the trial of Comrade M. J. Galpin, on the charge of having illegally appropriated a hog during the Civil War. The accused was sentenced to help the ladies of the W. R. C. in waiting at the tables. The trial created universal enjoyment and laughter.

GENERAL ORDERS No. 3.

Comrades: Again within a little more than a year the Great Commander above has deprived us of our Department Commander. Commander I. M. Christy died at 10 p. m. on March 31st, and was buried by his Post in Phoenix on April 2nd. He served during the war in Companies I and D, 15th Iowa Infantry, and was an excellent soldier. Elected Senior Vice Department Commander in 1903, he became Department Commander on February 6th, 1904, by the death of the then Commander, Geo. W. Sanders. He was elected Commander at the Department Encampment on May 18th, 1904, and has been an ideal Commander and a loving Comrade. Comrade Christy was at the time of his death Territorial Auditor. May he rest in peace.

By virtue of our rules and regulations, the undersigned has become the Department Commander for the remainder of this term and hereby assumes command. Our next Encampment meets on the 19th of this month and it is hoped that every Post will be properly represented.

The Staff Officers of our late Commander are continued in office. They will be obeyed and respected accordingly.

As a mark of respect to our departed Commander, all Department and Post Officers will, for thirty days from date, wear the usual badge of mourning, and the charter of the Department and of each Post will be draped in mourning.
